CONTRACT TO PAVE THIRD STREET LET

Regardless of Protests of I. & C.,
Council Awards Job to George
T. Miller of Lebanon

BRICK WILL BE MATERIAL

Improvement Will Run West From
Julian Street to Intersection of
Buena Vista and Third

NO STREET OILING THIS YEAR

Increased Prices and Uncertain
Shipping Conditions Said to be
Cause For No Bids

Regardless of protests from the Indianapolis and Cincinnati Traction company that steel rails and ties could not be secured before eighteen months, the city council, at a special session last night let the contract for the paving of Third street, from Julian street west to the intersection of Buena Vista avenue and Third street. The contract however was not signed pending the selection of the brick to be used.

George T. Miller of Lebanon was the successful bidder. The steel ties asked for are to be laid in the concrete base of the street and by paving with brick a paving rail is necessary. The council believed that this was as good a time to pave as any because indications are that products will be higher next year than this.

No bids were received for oiling the streets and the matter will be permitted to rest for this year. Increased prices and uncertain shipping conditions made the oiling question a difficult one and as a result no contractor seemed willing to take a chance.

Two bids were received for the street paving. Besides Miller the Bergen-Jeffery Company of Franklin submitted a bid. Taken as a whole the Miller bid was lower than the Franklin firm.

The street was ordered paved with brick and the contract price of the brick pavement under the Miller bid was \$2.48 per square yard. The gutter is to cost 40 cents a lineal foot; combined curb and gutter, 60 cents a lineal foot; four catch basins, \$25 each and one box culvert at \$80.

The bid of the Bergen-Jeffery Company was \$2.60 a square yard for the brick pavement. The cement curb and gutter was five to ten cents higher than Miller. The successful contractor has the contract for the paving of the Main street in Carthage and told the council that he planned to start work on 3rd street just as soon as possible. He was ordered to give a contractor's bond for the sum of \$20,000 and a maintenance bond in the sum of \$5,000 for a period of five years.

The council will meet again Saturday night to look over the engineer's plans for the sewer extension near the new factory being built for the Modern Appliance Company.

ANNUAL I. O. O. F. SERVICES

Rev. C. M. Yocum Will Speak at Arlington Sunday Afternoon

The annual decoration services of the Odd Fellows lodge at Arlington will be held Sunday. The Rev. C. C. Yocum, pastor of the Main street Christian church, will deliver the principal address. The speaking will be held in the Christian church there and from the church the members of the order will go to the cemetery and decorate the graves of the departed members. This event is always attended by a large crowd.

THIRD GOLD MEDAL PUPIL IS DISCOVERED

Mary V. Patterson Will Be Rewarded For Perfect Attendance Record During School Life

WAS NOT KNOWN UNTIL TODAY

A third medal student has been reported to Superintendent George and another gold medal has been ordered. The third pupil in the county to complete eight years in school without being tardy or absent is Mary V. Patterson, daughter of Mr. and Mrs. Norman Patterson of Richland township. The fact did not become known in time to present her with a medal yesterday at the educational day exercises.

Two and one-half years of her eight years in school were in Decatur county and the trustee there has certified a copy of her record. The other two who received medals were Eddie Ryan of Richland township and Donald Stoten of Center township.

HAVE CHANCE YET TO AVOID PENALTY

Men of Conscription Age Who Failed to Register May Still do so, Local Board Says

PROVOST MARSHAL'S ORDERS

Summary Shows 887 White Men and Nine Colored Men Claimed Exemption For Many Reasons

The Rush county conscription board and a corps of volunteer helpers were working today on the list of men eligible to draft preparatory to posting the list. The names are being arranged by townships and precincts in alphabetical order.

A re-check of the figures showed no change in the total registration of 1,460. There is no way of ascertaining the exact number of men claiming exemption unless each card is examined. The summary for the entire county shows 411 claimed no exemption because of dependents. Many with dependents claimed no exemption but these are not listed in the summary. The summary does show that 887 whites indicated dependents on their cards.

One of the surprising things about the registration is the small number of colored people in the county of conscription age. The returns show that exactly twenty-five colored people registered. Nine claimed dependent relatives, three occupational exemption and thirteen indicated no exemption from the draft. The board stated today that prior to the registration it was believed there were many more than twenty-five colored people in the county. It may be that many neglected to register.

If they did fail to register they have still a chance to escape the penalty as the board will continue to receive registrations. Instructions were received today from Jesse Eschbach, state registration agent, setting out the provost marshal's appeal for the boards to use a liberal policy. A copy of the order was enclosed and the local board will follow the order.

The registration shows 1,429 white men registered, 25 colored men and 6 aliens. One hundred and twenty-one white men claimed exemption by reason of their occupations.

The board hopes to have the list of names completed by tomorrow.

Wabash—The Wabash Home Guard, an organization made up of about 100 boys, has been formed in this city. Members are drilling regularly.

COMPANY SECRETARY HERE

J. Vincent Murray Arrives in Rushville to Remain Permanently

J. Vincent Murray, secretary of the Modern Appliance company, which is being moved here, has arrived in Rushville to remain permanently and E. Falk, the president of the concern, will be here in a few days to take up active work in connection with the preparation for turning the wheels in the new factory. Work is progressing on the unloading the three cars of machinery which arrived day before yesterday. Two more cars are expected any time. Mr. Falk and Mr. Murray will have rooms with the Scanlan sisters in West Fifth street.

CONCRETE BRIDGE ALMOST COMPLETED

Within Three Days Grading on Eleventh Street Improvement Will be Started in Earnest

CAN BE FINISHED BY SEPT. 1

A. L. Tribble, the contractor for the Eleventh street paving improvement, will start grading the street in a few days. A concrete bridge near the Peter Johnson place is nearly completed and other culvert work is progressing rapidly. Thomas S. Cauley, who had charge of erecting the bridge estimates that three more days will see it completed, then Tribble can start the work of grading.

There is very little grading to do and it is believed he can complete the contract by Sept. 1. He has all of his steel on hands and most of his equipment. The concrete bridge near the Johnson place spans a low place in the road and will do away with considerable filling that would otherwise be necessary.

DENOUNCE REPORT OF COMMISSION

Coal Mine Operators Declare it an Attempt to Prejudice the Public

MEETING WITH GOVERNOR

Attorney Charges Commissioners With Violating Oaths of Office—Stormy Session

(By United Press.)

Indianapolis, Ind., June 7.—The report of the public service commission on the coal situation in Indiana was bitterly denounced at a meeting of coal mine operators with Governor Goodrich today. Wilbur Cooper, attorney for the coal mine operators, declared that the commissioners refused to accept sworn evidence at their hearing; that they violated their oaths of office and deliberately attempting to prejudice the public against coal dealers and declared they intimidated mine operators were highway robbers.

The meeting was called by Governor Goodrich in an attempt to bring about co-operation with the mine operators and to assure a sufficient supply of coal for the state this year.

The governor pleaded with those attending the meeting to enter into a voluntary agreement by which the situation might be adjusted without interference of the federal government. He suggested the appointment of a board to handle the question as was recommended by the commission in its report.

Terre Haute—The fruit crop in Vigo county will be unusually large according to present indications, fruit men state.

RALPH WAGONER ARRAIGNED

Implicated in Theft of Brass by Charles Bennett

Ralph Wagoner was arraigned before Judge Sparks today on a grand larceny charge in connection with the theft of the brass from two traction engines stored at the fair grounds. His bond was fixed at \$500, but he was allowed to go on his own recognizance. Wagoner was implicated in the theft by Charles Bennett, one of the three to plead guilty last week. Bennett signed the affidavit against Wagoner. The two Bennett boys and Max Pearsey were sentenced to the penal farm by the court.

AMERICAN WARSHIPS IN FRENCH WATERS

Dispatches From a French Port Say U. S. Vessels Were Given an Enthusiastic Reception

ARRANGEMENTS FOR TROOPS

(By United Press.)

Paris, June 7.—American warships have arrived and are now anchored off the coast of France. The vessels conveyed from the United States a great transport loaded with wheat and other supplies.

Dispatches from a French port declared the American vessels were given a tremendous and enthusiastic reception. Here in Paris all newspapers rejoiced in this latest evidence on America's aid for France.

Great preparations are in progress for disposition of American troops whenever they arrive. Camps have been surveyed, aviation parks laid out and complete details mapped out for General Pershing's expedition.

GRAY NOMINATED ON FIRST BALLOT

Connersville Man Sweeps Aside Opposition, Receiving More Than Enough to Win

FOUR CANDIDATES IN FIELD

Efforts to Stampede Convention For Henry U. Johnson Fail—Federmann Gets 25 Votes

(Special to the Daily Republican.)

Cambridge City, June 7.—Finly Gray of Connersville was nominated for congress on the democratic ticket at the congressional convention here this afternoon, completely sweeping aside all opposition and again demonstrating that he is in control of the Sixth district democracy.

Gray was nominated on the first ballot receiving 72 votes. The result of the first ballot was as follows: Gray, 72; Federmann, 25; Bertsch, 15 and Henry U. Johnson, 4. An effort was made to stampede the convention for Johnson but it failed when he declined to accept the place if nominated.

Up until a few days ago the race for the democratic nomination looked like a two-man affair, but the entrance of Lawrence Bertsch of Cambridge City into the contest complicated matters. Bertsch is a manufacturer and an active party worker which commands much respect among democrats. The talk here before the opening of the convention was that the entire delegation from Wayne county—twenty-five in number—might swing over to the Cambridge City man. Finly Gray was reputed to have the Wayne county delegation lined up.

The boom for Louis Federmann, Continued on Page 2.

HOMER ORGANIZED WITH 58 MEMBERS

Enthusiastic Meeting Is Held Wednesday Night in Forming A Red Cross Auxiliary There

GOWDY AND NEW SALEM NEXT

An auxiliary to the Rush county Chapter of the Red Cross was organized last night at Homer with fifty-eight charter members. The officers are Mrs. Sylvia Hodge, chairman; Mrs. Ida Loudon, vice-chairman; Mrs. Pearl Crim, secretary and Mrs. Jacob Wissing, treasurer. In the party from here going to Homer were Mr. and Mrs. Herman Tompkins, who provided the automobile, Mrs. Harrie Jones, Mrs. A. L. Stewart, T. M. Green and E. B. Thomas.

An auxiliary will be organized at Gowdy next Tuesday night and a meeting for the same purpose will be held in New Salem some time next week, the date to be selected in the next few days. Will McMillin, county auditor, has promised to arrange a meeting at Plum Creek church, which is in the neighborhood in which he lives. The Red Cross wants more members in Union township.

CARDS SHOW 350 WITH NO EXCUSE

Examination by Army Officer Shows This Many Rush County Men Will be Taken First

DID NOT CLAIM EXEMPTION

These Men Have Chance to Enlist in Company B—Drill at City Park

An examination of the registration cards by Lient. Dillworth today revealed the fact that Rush county has 350 men who are certain to be hit by the draft because of no valid excuse. These men have been listed with the officers and one more opportunity will be given to enlist in the local company. According to the registration cards these men admit themselves they have no reason for escaping the draft and because of this they are being urged to join Company B.

Lient. Dillworth issued the following statement today: "A careful analysis of the 1,460 registration cards discloses the names of approximately 350 men who have no valid exemption from military service. That means Rush county has 350 men, outside of men now in the service, who will be called to the colors.

"The only way in which these men can avoid being drafted is to volunteer before the names are officially announced. Company B First separate Battalion, Indiana National Guard, commanded by Capt. Kiplinger is a few men short of war strength of 150 men. This offers an opportunity for several Rush county boys to go out with their own friends and under officers whom they know. Certainly they should be prompt to take advantage of this."

The fact that these men will be taken first by the draft should have its results in filling up the local company.

The company drilled last night at the city park under the direction of Capt. Dillworth and will drill again tonight at the same place. The park will be used from now on as a drill grounds.

MASONIC MEETING

There will be a called meeting of Phoenix Lodge No. 62 F. & A. M. Friday evening at 7:30 p. m. The P. C. degree will be conferred. A large attendance is desired.

VANGUARD OF CONVENTION CROWD HERE

Republicans Begin Rolling in Late Today For Preliminaries to Political Meeting Tomorrow

WAYNE COUNTY TO CAUCUS

Report From Richmond Says Delegation is Likely to Center Support on B. C. Robbins

C. O. WILLIAMS OUT OF RACE

District Committee Will Meet Following Adjournment Tomorrow to Plan 22-Day Campaign

+++++
WOMEN ARE WELCOME
Now that the women of Indiana have the ballot and are taking an interest in politics, the women of Rush county will have an opportunity tomorrow to see a big convention in operation and perhaps gain some "inside" knowledge on the workings of politics. They are especially welcome to attend the convention here tomorrow, and are urged to do so, by the local central committee.
+++++

Late this afternoon republicans from all over the sixth district began arriving at Rushville for the preliminaries tonight and tomorrow morning to the republican sixth district convention, which will convene at the coliseum in the city park tomorrow afternoon at one-thirty o'clock.

Wayne county republicans were expected here this afternoon and will likely hold a caucus here tonight or the first thing in the morning. The Richmond Palladium, which has been supporting Byram C. Robbins of Richmond for the nomination, says that the Wayne county delegation of thirty-one members will likely agree to support Robbins without a dissenting vote.

The Wayne county situation is not so complicated since Charles O. Williams, county superintendent of schools, yesterday withdrew his candidacy. Robert L. Kelly, president of Earlham college, is still in the race, however, but there are indications that his candidacy has not made much of an appeal.

In his announcement, Mr. Williams says he has withdrawn his name as a candidate "after a careful consideration of the welfare and harmony among republican voters of Wayne county, and my earnest desire to elect a Wayne county man to congress to fill the vacancy caused by the death of Judge D. W. Comstock."

"I earnestly hope," he says in conclusion, "that my withdrawal will unite the delegates on a Wayne county man. I thank all my friends for the interest they have taken in my behalf."

The committee on decoration for the convention today renewed its appeal for business men as well as residents in Main street and those living in the vicinity of the coliseum to decorate their homes and places of business out of honor for the visiting delegations. It is believed that there will be a large crowd here because the result of the convention's deliberations is in doubt and because of the fact that at least four counties will present candidates. All of the candidates will have a big delegation of supporters.

Actual convention activities will start when the delegations meet by counties at the court house tomorrow morning at eleven o'clock to Continued on Page 2.

GRAY IS NOMINATED ON THE FIRST BALLOT

Continued from Page 1.
 president of the Franklin County National bank, was having some weight among the delegates this morning and when the convention proper opened it looked like anybody's nomination.

The Rush county delegation to the democratic convention went to Cambridge City this morning, many democrats besides the delegates attending. The delegates included Donald Smith, S. L. Trabue, T. J. Martin, Sylvia Hodge, William Logan, Enoch Spurgeon, W. H. Me-

Daniel, William Bracken, Ollie Offutt, Frank Sample, Howard Henley, Erb Vickery and Ira B. Hite. Others attending were: County Chairman Cavitt, E. R. Casady, Wilbur Stiers, John Benning, G. P. Hunt and John B. Morris.

J. M. Watson is seriously ill at his home south of the city with erysipelas.

NEXT TO WAR DOGS SHOULD ORDER ARE MOST TERRIBLE FARM MACHINERY

National Emergency Food Garden Commission Receives Letter Urging \$10 Tax on Them

NATIONAL LAW ADVOCATED TRANSPORTATION IS POOR

One Man Thinks State Statutes Are Not Strong Enough and Urges Action by Congress Because of This Farming Implements May Be Hard to Get in Time For Harvest

Washington, June 7.—Next to war dogs seems to be about the most terrible things in the world according to the hundreds of letters that are coming to the National Emergency Food Garden Commission which is conducting a nation wide campaign for more food gardens and is just completing a nation wide survey on what the country is really doing in food conservation.

In these letters all sorts of answers to the dog question, if it be a question, are made. One of the latest is from C. S. Harrison of York, Neb., who sends a tabulated account of what can be done with the dog. Harrison says "Let Our Five Million Dogs Pay Some of Our War Tax." He is for a ten dollar tax on dogs. He, of course, would save the trained sheep dog. The document tells of the damage done by dogs to children, horses, gardens and also what good gloves a dog skin will make.

A national dog law is advocated by the Nebraskan who says: "A ten cent dog in town is often allowed to rob people of one hundred dollars worth of sleep in a single night while he barks at a cat. Sleep is one of the best assets we have. A man might as well break into a neighbor's house and rob him of five or ten dollars a night than to allow that worse than worthless dog to rob him of sleep. This would be a National matter. State laws are not strong enough."

Many have written the commission asking it to start a campaign against cats and hundreds of suggestions are being sent in as to how to police the food gardens. The Boy Scouts have been organized for this purpose in many towns.

Indianapolis, Ind., June 5—Farmers of Indiana were today warned to place their orders for machinery which they will need for harvesting the 1917 crop early enough so that they will be sure to have their implements when needed in a bulletin issued by G. I. Christie, state food director.

On account of shipments being irregular, labor scarce, transportation uncertain and the fact that some manufacturers are unable to get the amount of steel they need, the food director advises that orders be placed for machinery as soon as it is known what will be needed.

"As labor this year will place an increased burden on farm machinery and increased acreage is bound to make a greater demand for such implements dealers should investigate their needs as early as possible so they may avoid losses to themselves and their patrons," says the bulletin. "Manufacturers must order their materials far in advance, so that they may order raw materials in time." In order to relieve the lack of sufficient machinery, farmers were urged to make arrangements to selling or loaning any implement which they cannot use themselves; make efforts to keep necessary changes in the working hours and close co-operation and to overhaul all machinery as soon as possible in order needed repairs may be made at once.

"Considerable inconvenience may be expected and should be tolerated in the spirit of real patriotism which calls upon every true American farmer to produce every bushel within his power," the statement declares.

GRAIN PRICES ARE STEADY; HOGS UP

Chicago Market Holds Firm With Slight Changes—Hog Receipts Lower.

BULK OF SALES \$15.30 TO \$15.75

Chicago grain was steady today, July wheat advancing three cents and September losing one half cent over yesterday's close. Hogs in Indianapolis were ten to fifteen cents higher with receipts 4,000 under yesterday's. Indianapolis grain was steady, wheat being quoted the same with corn from one to two cents higher. In Chicago July corn was one-quarter of a cent higher; September 1 and one quarter lower and December off one and one-half cents. The quotations on oats was off one cent.

How Many Pair of Hosiery Should You Buy?

"Sorry, can't fill any orders at present," writes one of the largest hosiery mills in the East, and of whom we have been buying for many years. We strongly urge every woman to buy a large and ample supply for herself and family NOW. Prices have been climbing steadily for the past year with no sign of relief. Large orders for the fighting armies in Europe, too, have "eaten up" a large part of the domestic supply.

Still a good quantity on hand—but they won't last long at these prices. Finest quality threads, fast dyes and will give you entire satisfaction as to service and appearance.

—Des Moines, Iowa, and Kirksville, Mo.

—Mr. and Mrs. E. W. Ball will leave for Cincinnati this evening, where they will spend the remainder of the week.

SHEEP KILLING DOGS ARE COSTLY

State Veterinarian, In Starting Campaign, Urges Owners to Tie up Animals

CITES HIGH PRICE OF WOOL

Large Number Have Been Killed in Rush, Delaware And Montgomery Counties

Indianapolis, Ind., June 4—"Be patriotic and tie up your dog!" This was the advice given today by Dr. L. E. Northrup, state veterinarian, as he started a state campaign to eliminate the killing of sheep by dogs. Thousands of dollars worth of sheep are killed each year in Indiana by dogs, and it is important that local authorities take immediate stringent steps to eliminate this leakage in food and wool supply, according to Doctor Northrup.

Provision is made by counties to pay damage for sheep killed by dogs. The amount paid out each year is close to \$50,000. Delaware, Rush, and Montgomery counties have an exceptionally large number of sheep killed in this manner, according to officials.

"Although a man has contributed a son for the army, a daughter for the Red Cross, bought Liberty Bonds and planted a garden, he hasn't done his 'whole bit' if he has a dog running around loose," said Dr. Northrup. "Wool is very scarce in this country right now and is getting

more so as the necessity of conserving food and especially such excellent food as mutton.

"Every man should make certain that his dog is not doing any damage. It's usually the dog that the owner believes harmless which does the damage. The dogs get out at night when the people are asleep to kill and in the morning are back at home again, and to all appearances of the dog, nothing has happened.

"An instance is had recently when I was in the northern part of the state, where a great many sheep were being killed. I warned one man to be sure and tie his dog up. But he protested that his dog never did any damage. The next day I saw that dog near a flock of sheep, three miles from home, and I shot him without further notice.

"There is only one way to be sure and that is to keep your dog tied.

PASTOR VISITS RUSHVILLE

The Rev. A. M. Hootman, pastor of the Arlington Christian church, visited here for a few hours yesterday afternoon. The Rev. Mr. Hootman was formerly the Christian church minister at Greencastle where he still resides. He will preach at Arlington next Sunday morning and evening at the usual hours.

An ice cream social will be given in the Baptist church at Homer, Saturday night.

A nine pound girl was born to the wife of Louis Saddler, living in West Fifth street, this morning.

The ladies of the Baptist church will give an exchange, Saturday morning, June 9 in the vacant room, east of the Aldridge grocery store.

GOOD PROVIDER'S FAMILY

Best women's work is pleasant when you're married to the best of men!

My husband is one of the grandest men. He sees that we always have a good supply of the best foods in the market and good foods certainly have a lot to do with being happy. This is our store.

FRED COCHRAN

Amusements

A new view of the west is furnished the public tonight in the Fix feature picture "The Mediator" which will be shown at the Gem. It is a western drama that is different. It is full of rapid action and quaint humor with its central figure, a man who loves peace so much he is willing to fight for it, in fact he spends his whole life battling in its name. This is the character of the Mediator part taken by George Walsh. He is supported by Juanita Hansen. Tomorrow the eighth episode of "The Mystery of the Double Cross" will be shown with a Max Linden comedy.

The next chapter of "Patria" is the first picture offered at the Princess tonight. In addition the feature drama "The Female of the Species" with Dorothy Dalton featured will be shown. The attraction at the Princess Friday will be Mary Pickford in "Poor Little Peppina" and Kate Jordon. This is a big thrilling story which abounds in interest and suspense, with love and there a heart laugh as Mary Pickford struggles with the difficulties of her first cigarette and her general initiation into boydom. Saturday Charles Chaplin will be seen in his latest comedy "The Cure."

The Lyric offers "The Isle of Love" a five act feature drama for the program tonight. Gertrude McCoy is featured and there are many beautiful scenes taken in the South Sea and Orient. Tomorrow the five act comedy drama "Father and Sons" will be shown.

SOCIAL WORKERS INSESSION

Juvenile Courts And Childrens' Problems Discussed

(By United Press.)

Pittsburgh, Pa., June 7—Juvenile courts, illegitimacy and the best means of dealing with it were the leading questions discussed at the second day's session of the National Conference of Charities and Corrections here today.

In joint session with the National Probation Association, delegates to the corrections conference took up juvenile court problems this morning. Judge Fredrick Cabot of Boston led with an address on "The Legal Powers of the Juvenile Court." Social problems of the war were scheduled for discussion later today.

Franklin—The Indiana, Masonic home is being extended here to accommodate forty additional inmates.

Failed To Register

Why?

Because it did not use the Gas.

What didn't use the gas?

THE CHAMBERS FIRELESS COOKING GAS RANGE

Why don't it use as much gas as any other stove?

—REASONS WHY—

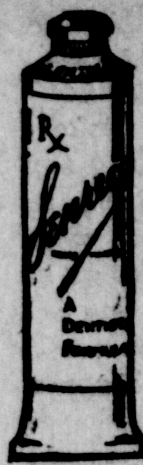

It has the only correct mixer. Oven is absolutely air-tight. No bolts in oven.

Gas is turned off three-fifths of time. Oven bottom is cast. Oven burner has no joints.

And this cooker is made of the quickest heating metal made, not only is it good, but also the most beautiful thing lining in your home.

SOLD ON 30 DAYS' GUARANTEED TRIAL BY

HARDWARE

Senreco
The double-service tooth paste,
keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

DON'T PAY THE PEDDLER

A big price for an inferior article when you can get a high-grade well-known, reliable government proved article like STANDARD HOG REGULATOR from your dealer, who is here all the time to make good any claims and to protect his customers. The peddler is here today and gone tomorrow. He pays no taxes, leaves no money in the community, and when goods do not come up to his claims he is far away. Even if he had as good an article as STANDARD HOG REGULATOR, and no peddler has, you could not afford to buy from him.

Your farm is more valuable if you have a good town near by, and the peddler don't help build the town. But the best reason,

after all, why you should use STANDARD is because it is the best.

Dry Vegetables

Dry vegetables and fruits for winter use if tin cans and glass jars for canning are scarce or expensive.

This is the advice of specialists of the U. S. Department of Agriculture, who recently have studied the possibilities of conserving food to meet war needs in spite of any difficulties that may be experienced in obtaining canning containers. Drying was a well-recognized and successful way of preserving certain foods before canning came into general use, the specialists point out, and modern methods make it still more practicable than formerly, either in the home or in community groups.

Three methods of drying have been found by the Department specialists to give satisfactory results. These are sun drying, drying by artificial heat, and drying with air blasts, as before the electric fan. Trays for drying by any one of these methods, as well as tray frames for use over stoves or before fans, can be made satisfactorily at home. Frames and trays for use with artificial heat may be purchased complete if desired.

Homemade trays may be made of side and end boards three-fourths of an inch thick and 2 inches wide, and bottom boards of lathing spaced one-fourth of an inch. If desired, one-fourth-inch galvanized wire mesh may be tacked to the side and end boards to form the bottoms of the trays. Frames for use before fans may be made of wood of convenient size. Frames for use with artificial heat should be made of nonflammable material to as great an extent as possible. As many as six trays may be placed one above the other when artificial heat is used. In drying before a fan the number of trays that may be placed one above the other will depend, to a large extent, upon the diameter of the fan. In drying in the sun, trays as described may be used or the products to be dried may be spread on sheets of paper or muslin held in place by weights.

Vegetables and fruits will dry better if sliced. They should be cut into slices one-eighth to one-fourth of an inch thick. If thicker, they may not dry thoroughly. While drying, the products should be turned or stirred from time to time. Dried products should be packed temporarily for three or four days and poured each day from one box to another to bring about a thorough mixing, and so that the whole mass will have a uniform degree of mois-

Green's August Flower

Has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart caused by gases in the stomach. **August Flower** is a gentle laxative, regulates digestion both in stomach and intestines, cleans and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and impurities from the blood. 25 and 75 cent bottles. Sold by Pitman & Wilson.—(Adv.)

ture. If during this "conditioning" any pieces of the products are found to be too moist, they should be returned to the trays and dried further. When in condition, the products may be packed permanently in tight paper bags, insect-proof paper boxes or cartons, or glass or tin containers.

An acre of good forage will produce from 350 to 600 pounds of pork gains. This means a saving of 1750 to 3,000 pounds or thirty-one to more than fifty bushels of corn, according to the usual estimate of five pounds of grain for each pound of pork gain.

A conclusion reached by the Missouri Experiment Station in feeding hogs is "that hogs fed grain on pasture make cheaper and more rapid gains than those fed in a dry lot." For economical gains on good pasture at least two and one-half to three pounds of grain should be fed each day per 100 pounds of live weight of the pigs.

The feeding values of the common forages for hogs rank as follows: alfalfa, clover, rape, blue-grass, rye, soybeans. In addition to saving grain, pastures for hogs will save time and labor.

Forage Crops For Hogs

The extreme scarcity and prevailing high prices of grain used in the feeding of hogs have forced the farmers of Indiana to consider, as never before, the economical production of pork from every reasonable point of view.

As the growing of forage crops is one of the most practicable means of saving grain, weeds should not be allowed to occupy idle barn lots this summer. The Animal Husbandry Department of Purdue University suggests that since these lots are generally the most fertile spots on the farm, if a proper seed bed is prepared, then planted to rape at the rate of 4 to 6 pounds of seed per acre, or to some other good forage as sweet corn or rye, waste will be turned into pork at a handsome profit.

Keep in mind the fact that the billions of dollars that will be loaned to our allies will be spent right here in this country in the purchase of supplies for their armies and civilian population. This will mean increased activity for every line of business from the factory to the farmer. It will also mean that the millions that have been hoarded up will be put into circulation and each person will be directly benefited thereby. Men of brains will see the significance of these facts, but the croaker of course, will keep right on croaking.

A Form of Preparedness

The editor of "The Nation's Business," the official organ of the Chamber of Commerce of the United States, writing of post-war economic plans, says: "Until we have some other things set straight, we shall leave the days after the war to look after themselves." In the same article he says that the economic problems which the end of the war will bring have the continuous attention of France. We know that they have the continuous attention of Germany, as well as of England. Our commercial attache in Chile informs us that a British traveler representing about 100 merchants and manufacturers of Great Britain is at present appointing local agents throughout Central and South America. We know that Japan is moving heaven and earth to insure her commercial supremacy in the Pacific after the war. Canada, Italy and Australia are making preparations for post-war trade. Does the statement of the editor of "The Nation's Business" represent the attitude of the nation's business men? Are we to be as dilatory in preparing for post-trade as the government was in preparing for the war itself?

Now that we have a war with Germany let's eliminate that of the clothesline variety. A kind word across the back fence is better than a tilted nose any day.

We suggest, however, that tramps would make excellent dog meat this summer, and would be quite in line with our efforts at national economy. Sick 'em!

Experts have figured that for the first day the war will cost the United States about \$17,000,000.00 a day. One hour of it would flatten us out.

Two important things in this life you should do—buy a government bond and join the Red Cross.

EXPECT TO SETTLE THE COAL PROBLEM

State Authorities And Operators Believe Danger of Famine This Winter Can be Removed

WHAT'S SOUGHT BY CONFERENCE

(By United Press.)

Indianapolis, Ind., June 7.—Final discussion of the coal situation in the state between mine operators and members of the public service commission and Gov. Goodrich took place at a meeting here today. Means of co-operation between the mine operators, dealers and consumers were outlined at the meeting by public service commissioners. These recommendations were based on a thorough investigation into the coal situation in all parts of the state.

That the coal question will be settled satisfactorily, so that there will be no danger of a coal famine this winter, is the belief of all at the meeting.

The main points outlined at the meeting for lessening the danger of scarcity were:

Increased production at the mines. Many mines have been operating only part time, due partly to labor conditions and partly to lack of transportation facilities.

Procuring better service from the railroads on shipments from the mines.

And for mine operators in procuring labor through the state council for defense and the state labor agencies.

PEPSINCO

ON EVERYONE'S TONGUE. HUNDREDS IN THIS CITY NOT ONLY SAY PEP-SINCO, BUT TAKE PEP-SINCO AFTER EVERY MEAL. THAT'S THE REASON THEY HAVE A GOOD STOMACH.

Pepsinco—say it yourself that it may be easy to remember, easy to pronounce, easy to recall. Pepsinco demonstrates and identifies the strongest, most vital, most valuable remedy for indigestion and dyspepsia in the market. Every time you say Pepsinco to your druggist you are asking him for relief for your dyspepsia.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are well today. They took Pepsinco because it helped others, because it is highly recommended.

You try it out. Take a dose of this remarkable preparation, Pepsinco. You'll find we are right. You'll feel better after the first dose. Its prompt action will bring you around to normal health quickly and safely.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food; if gas follows eating; if belching distresses you; if flatulency produces heart palpitation or heartburn, then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You who have suffered with indigestion and dyspepsia owe it to yourself to try Pepsinco. You cannot afford to delay longer. You cannot afford to take false or questionable remedies, the composition of which is uncertain and perhaps wrong. Buy Pepsinco of your druggist and get the scientific indigestion remedy. All druggists have Pepsinco, or we will send you a sample free of charge. The Neuro Pharmacy Company, Wapakoneta, Ohio.

CROWD ARRIVES TODAY VANGUARD OF CONVENTION

(Continued from Page 1.)

morning as republican headquarters are not open. The delegations will organize. The assembly room will be used as headquarters tomorrow meet as follows:

Wayne county—assembly room.
Fayette county—clerk's office.
Hancock county—auditor's office, room 1.

Rush county—treasurer's office.
Franklin county—recorder's office.
Shelby county—teachers examination room.

Henry county—County commissioners room.

Union county—auditor's office, room 2.

The nomination seems to be anybody's today. If the Wayne county delegation centers on one man, they will be a strong force because they have thirty-one of sixty votes necessary for a choice. Henry county, the next largest in the district, with twenty-two delegates, will not present a candidate, according to present indications. Shelby county has sixteen votes and will have the third largest delegation. Shelby will present a candidate, Elmer Bassett of Shelbyville, and it is reported that the sixteen votes will be cast for him. Rush county is the fourth largest delegation and will cast fifteen votes. No one seems to know just what the local delegation will do because none of the delegates are instructed. Whether or not the delegation will heed Wayne county's priority claim is not known. Fayette county has twelve delegates and will offer the name of Richard Elliott, it is presumed, because Mr. Elliott has written friends here that he is a candidate. Hancock county, with eleven votes, will offer the candidacy of Will Hough of Greenfield. Franklin county, with seven votes, and Union county, with five votes, will have no candidates.

According to a story from Indianapolis, a meeting of the sixth district committee will be held here immediately after the adjournment of the convention to make plans for the brief campaign, which will last only twenty-two days. L. W. Henley, secretary of the republican state committee, gave out an interview in Indianapolis, in which he says the republicans of the district will not be satisfied with a nominal victory but that their aim is a substantial increase in the district's republican plurality rolled up last November.

The Indianapolis News says that Mr. Henley received a letter yesterday from Senator Harry S. New, senior United States senator from Indiana, asking that speaking assignments in the sixth district be given to the following senators:

Johnson, of California; Jones, of Washington; Curtis, of Kansas; Harding, of Ohio; Borah, of Idaho, and Wadsworth of New York.

Senator Jones will be in the district June 18 and 19. Senator Johnson will make one speech, probably at Richmond. James E. Watson, junior United States senator from Indiana, will speak at least once in each county of the district. Several well-known republican congressmen also will be heard.

"The Republicans will wage a vigorous campaign," said Mr. Henley. "Never was there more party interest than at present. The township meetings held throughout the district Monday night for the selection of delegates to the Rushville convention were well attended. There is a large field of active and receptive candidates for the congressional nomination, but each and every one of them and his friends and supporters are going about their business in a spirit that augurs well for the party.

"There is none of the bitterness that usually characterizes party contests where the chance of election is as certain as it is at the present time in the sixth Indiana district. The nominee of the Rushville convention will enter the contest backed by a militant and determined organization."

TRAVELERS MEET

Erie, Pa., June 7.—Two thousand "knights of the grip" breezed into Erie today for the annual state convention of the United Commercial Travelers of America. Lodges of western New York and eastern Ohio sent delegates. Mayor Kitts did the official welcoming with a speech of greeting.

Indianapolis—The eighth annual meeting of Group No. 4 of the Indiana Bankers association was held here today.

The regular meeting of the Lur-line Council No. 296 will be held in the Red Men Hall, this evening, and a large attendance is requested.

Fourteen members of the Foreign Missionary society of the Methodist church were entertained by Mrs. Sarah Ball, yesterday afternoon, at her home in North Jackson street.

Minor business matters were discussed and refreshments were served.

One of the pretty weddings of early June was solemnized last evening when Miss Mary Evelyn Seraggs, daughter of Mr. and Mrs. D. B. Seraggs of Indianapolis and Walter Martin Crockett of Chicago

Young People's Christian Union of the U. P. church with Miss Ethel Ellingwood, 828 West Third street.

were married at the Downey Avenue Christian church at Irvington, Mrs. Sadie Williams of this city was among the out-of-town guests.

Miss Leona Brooks, who will be married June 14, was honored with a miscellaneous shower, yesterday afternoon at her home in Raleigh. Locust blossoms were used to decorate the living room, and pink and white sweet-peas adorned the dining table. A color scheme of pink and white was also prominent in the ices which were served. An advertising contest was introduced in which Mrs. Olive Rich was victorious, and Mrs. Charles Rich won the pretty trophy in a musical contest. Seventy-five guests enjoyed the delightful affair.

The Ben Davis Auxiliary of the C. W. B. M. met with Mrs. Avis Brooks Tuesday afternoon. A program was carried out as follows; Doxology; Bible lesson, 54th Psalm, Mrs. Helen Kirkwood; prayer, Delilah Gingsong, "Rescue the Perishing" in chorus; business period; reading; Mrs. Hanson; "Mite Box", Leona Reese; paper, "The First Missionary Work Done by Indians in May, 1835," Mrs. Mollie Austin; 23rd Psalm, Delilah Gings; solo, Avis Brooks; circle of prayer; hidden answers. The program closed with the singing of "America" and the National benediction.

Sixty-two members of the C. W. B. M. of the Churistian church were present at the meeting, yesterday afternoon, in the parlors of the church. The program opened with a violin solo by Miss Gladys Tittsworth, Mrs. B. F. Miller read a paper on "Heroism and Christian Conquest in Argentina" "Geographical and Historically Considered" was the topic of a paper by Mrs. O. C. Norris. The ladies of the June division were the hostesses and served splendid refreshments at the close of the meeting.

Twenty-two members of the Shawmut club of Connersville were entertained with an all day meeting, yesterday at the home of Mrs. James Moore in West Fifth street. Mrs. Moore formerly being a member of the club, made the reunion all the more enjoyable. Many varieties of cut flowers were used to decorate the home, and a pitch-in dinner was served at noon. In the afternoon, two clever contests were introduced,

Silks
Voiles
Flaxons
Organdies

Every expression of Silk Styles may be found in our extensive showing of Silks. With silk so much in use this year you will want to see a line which is complete and distinctly unusual—not only in design, but in the number of variety of colors.

Crepe de Chines in excellent quality in pink, olive green, salmon, sky blue, navy, rose, gold, purple, yellow, American beauty, lavender and African brown.

Italian Kaiser Silk Fabrics—a beautiful material for sport wear in gold, rose, turquoise, green, salmon, American beauty.

Silk Peplins—a wide range of colorings, including steel gray, yellow, purple, brown, wine, gold, navy, light green, olive, black, white rose and plum.

Charmeuse and Satin-faced Goods—in green, brown, black, gray, blue.

Pongees—natural color, both in plain and figured. Excellent style for summer wear.

Georgette Crepes—in every desirable shade and color.

GIVE YOUR SUPPORT TO THE RED CROSS

in which Mrs. J. H. Brecheisen won first prize and Mrs. Clara Smith second.

Mrs. T. H. Reed will entertain the members of the 500 club, Monday afternoon at her home in North Main street.

At the meeting of the Psi Iota Xi, last evening with Miss Gladys Wallace in North Perkins street assisted by Miss Harriet Vredenburg, there were twenty-five members in attendance. All of the chapters of the sorority voted to renounce the convention, which was to have been held in Columbus this month, and to hold an all day business meeting and a banquet on the evening of June 22. The members also decided to abandon refreshments and give the money to the Red Cross. A committee comprised of the Misses Erema Wilk, Beatrice Reeve and Marian Scholl was appointed to plan and supervise the sewing, which the club will do for the Red Cross. Officers for the coming year were elected. After the business meeting, the pledged members were entertained and a course luncheon was served.

LAWYERS FIX UNION SCALE

Bowling Green, O., June 7—You can get a divorce and alimony for \$50, but it will cost you \$500 to be defended on a first degree murder charge according to the attorney rates agreed on by lawyers today. Other prices are: contingent fees in damage cases, 33 1/3 per cent; second degree murder \$330; manslaughter \$200.

G. O. P. OUTGENERALLED

Washington, June 6.—Democrats outgeneralled republicans and forced adjournment of the house this afternoon following a brief morning session at which Republican Leader Mann tried unsuccessfully to force consideration of the Rankin constitutional amendment for woman suffrage. The house voted to adjourn, 210 to 119.

A girl was born to the wife of Adolph Faurote of New Salem, this morning. Mrs. Faurote was formerly Miss Luna Lee.

Indianapolis—The public service commission today heard testimony of warehouse men of this city to file warehouse tariffs. This is the first time warehouse owners have asked to file tariffs with the commission.

COMPLAINTS ON SLACKERS HEARD

Provost Marshall Sends Them to Department of Justice as Fast as Received

GETTING READY FOR DRAFT

Washington, June 7.—Complaints against slackers began to pour into the provost marshal general's office today. Each complaint was immediately referred to the department of justice for action. A special advisory board was ready today to submit recommendations for general exemptions to President Wilson. Exemptions, however will be placed almost entirely in the hands of local boards.

President Wilson is today preparing a proclamation embodying these outlines:

The board may be composed of local officers in each community.

For each federal or judicial district an appellate board is provided to review the work of the local board and act upon appeals from their decision.

REJECTS COALITION PLAN

Conscription in Canada Must be Approved by People

Ottawa, Ont., June 7.—Plans for a coalition cabinet have been rejected by Sir Wilfred Laurier, the liberal leader, it was announced today. The proposal which was advanced by Premier Borden was rejected on the conscription issue, Laurier holding that the country should first pass on the measure. Premier Borden will not press the conscription bill. It will probably be passed after which the parliament will be dissolved.

GETS LIFE SENTENCE

Rockville, Ind., June 7.—Martin Wright was today found guilty of second degree murder in connection with the killing of Martin Jones, sheriff of Vermillion county and sentenced to life imprisonment by the jury. Jones was killed December 1, 1915 when the sheriff was placing Wright under arrest. The case was tried here on a change of venue.

TAX ON CHECKS

Washington, June 7.—The senate finance committee today put a two cent tax on all checks and drafts over five dollars as a new levy in the war revenue bill. It is expected that \$10,000,000 will be raised under the new section. The committee decided to strike out the levy of ten per cent on dues, for social, sporting and athletic clubs, thereby dropping \$10,000,000 in revenue possible.

Mrs. Gilbert Morris of Connersville spent Sunday with her parents Mr. and Mrs. Elmer Morris.

The Rev. Mr. Brown of Arlington preached at the M. E. church Sunday afternoon.

Children's day exercises will be held at the M. E. church Sunday, June 17.

Why The Anker-Holth Cream Separator Satisfies The User.

BECAUSE it is simple in construction, easily operated and economic.

BECAUSE it contains fewer mechanical parts than any other separator made.

BECAUSE the bowl being self-draining, makes it non-freezing in cold weather.

BECAUSE it is the most sanitary separator made, insuring a cream of great purity.

BECAUSE it is easily cleaned and easy to turn—that's why the "women folks" like it.

BECAUSE it is the only separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

Town Improvement

Protection Versus Insurance

One serious drawback to the healthy growth and development of the average town is the absence of adequate protection from loss by fire. Too many are content to seek protection through insurance, when the sensible course would be to make fires practically impossible.

This is not said with any intent to decry the business of the insurance companies, but rather as an aid to them in the efforts they are all making to impress upon the people the great necessity for adequate protection. Contrary to the belief of many people, it is the desire of the companies that the very best possible protection be furnished, for while

reducing the rate and consequent cost of insurance, it also practically eliminates the risk, resulting in a decided saving to the companies.

The writer has in mind a town of about 2,000 inhabitants that, although there is a river flowing directly through the corporate limits, has not the faintest approach to fire protection. It has a system of water works that furnishes water for domestic purposes, but not a fire plug or a foot of hose is to be found in the town. This town within the past fifteen years has had three disastrous fires, each one resulting in losses that ran into the hundreds of thousands of dollars.

Its insurance rates are as high as an angry cat's back, ranging from \$1.50 to \$3.50, yet its people have persistently refused to install an adequate water system. Following its last big fire, which consumed an entire block of fine brick business houses, there were strong threats of the insurance companies withdrawing from the town.

The town is ideally located, in a rich mining and timber country, and but for the apathy of its citizens could take high rank as a manufacturing center. But live business men pass it up, as they will pass up all towns of its class.

But the one vital reason why full fire protection should be installed is that the unprotected town is the paradise of the fire bug—the man who regards the insurance companies as his best customers. Many a bankrupt stock of worthless goods has thus been disposed of because its owner knew that all he had to do was to start a blaze, when it would be impossible to quench it.

One of the first improvements demanded of any town that would aspire to a healthy growth is an up to date system of fire protection.

MOVES FORWARD ON FRONT OF NINE MILES

Field Marshal Haig's Offensive Captures First Objectives on Messines Ridge

OTHER PROGRESS IS MADE

(By United Press.)

London, June 7.—Field Marshal Haig's offensive swept forward victoriously today over a front of nine miles.

"We attacked German positions on the Messines ridge on a front of nine miles and everywhere captured our first objectives," said the report. "Progress in other sections was satisfactory."

The Messines ridge is located in

the small triangle of Belgium just below Ypres. This sector has been quiet for nearly a year. During the last two days the British began an almost continuous raid in this section and British artillery roared continually in bombardment.

Probably the Germans figured the raids were to acquire information as to the forces opposing the British there and the artillery preparatory to an assault.

COLLIER IS SAFE

(By United Press.)

Washington, June 7.—The electrically driven collier Jupiter, carrying 10,100 tons of wheat and other supplies has arrived in French waters, it was officially announced today.

Laporte—Garden owners of this city have started a war on dogs which have been devastating crops.

THIRTY CASES ARE BEFORE THE BOARD

Quarterly Meeting of State Board of Pardons Will be Held in Indianapolis This Month

MANY KIND OF CASES UP

Only One Plea is That of a Murderer, Joseph Fultz, Sentenced in 1911 For Life

(By United Press.)

Indianapolis, Ind., June 7.—Thirty cases which will be heard by the pardon board at its quarterly meeting were announced today. Among the more important cases to be considered are:

Samuel Goldstine, Kosciuszko county, sentenced 1909 to eight years. Paroled, sentenced to Joliet while on parole, then turned over to Jeffersonville.

Russell A. Thompson, Allen county, sentenced 1916 to six months to penal farm and fined \$200 for taking auto without permission.

Claude Baker, Vanderburgh county, sentenced 1909 to state prison twenty years for burglary.

Virgil Sisco, Vanderburgh county, sentenced 1916 to Indiana reformatory one to eight years for petit larceny.

Joseph Fultz, sentenced 1911 to state prison life sentence for murder.

William Taylor, alias Early Morrow, Knox county, sentenced 1913 to state prison ten to twenty years for burglary.

George Siler, Jay county, sentenced 1915 to state prison for assault and battery with intent to commit felony.

Herbert Jones, Laporte county, sentenced 1915 to Indiana reformatory five to fourteen years for robbery.

Oscar Kelwa, Lake county, sentenced 1916 to state prison life sentence for criminal assault.

Levy Taylor, Allen county, sentenced 1916 to state prison two to fourteen years for assault with intent.

Edward Dennison, Vanderburgh county, sentenced 1912 to state prison ten to twenty years for bur-

SILVERSHELL WAS VESSEL MAKING HIT

It Was She Who Sank a German Submarine in Mediterranean, State Department Announces

A STATEMENT FROM PARIS

(By United Press.)

Paris, June 7.—Shots were exchanged by the American steamer Silvershell and a German submarine in the Mediterranean, the minister of marine announced today. The submarine suddenly disappeared.

Washington, June 7.—The American vessel Silvershell, reported from Paris as having exchanged shots with a German submarine in the Mediterranean, is the American vessel which the navy department stated yesterday had sunk a submarine.

DIVORCE FOR MRS. RICHTER

Granted Decree From William Richter on Paying Costs

A divorce was granted Mrs. Elsie Richter from William W. Richter today in circuit court. Mrs. Richter alleged cruel treatment. The defendant did not appear against her. The decree is to be entered upon payment of the costs.

Delaney M. Miller was given a judgment on a note against Bruce Graham, for \$745.50 and \$45 attorney fees. The defendant defaulted.

LONE MULE HEADS PARADE

Maude Muellers Hold Demonstration Before Giving Degree Work

A poor, dejected mule was the vehicle for over a hundred Maude Muellers from this city and Connersville when they paraded the streets last night before a meeting in the Red Men's hall. Fifty-two visitors arrived from Connersville at 7:27 o'clock and a delegation of sixty-two from Rushville was there to meet the car, headed by a mule to which was tied two long ropes and each woman had a hold on the rope. The visitors found a place to "hitchon" to the mule and a parade through town was made to the Red Men's hall. A class of fifty-six candidates from here and Rushville was initiated by the Rushville team and refreshments of ice cream and cake were served after the work.

Alvan Alexander, Blackford county, sentenced 1907 to Indiana reformatory for issuing fraudulent check.

C. F. Gully, Leport county, sentenced 1915 one to fourteen years to Indiana reformatory for house breaking.

Frank Parker, Morgan county, sentenced 1914 ten to twenty years to Indiana reformatory for burglary.

Edward Vocum, Clay county, sentenced 1912 ten to twenty years to state prison for burglary.

C. E. MULL FUNERAL

Short funeral services for C. E. Mull, who died at North Madison, were held at the late home last Sunday afternoon by the Rev. W. A. Carpenter, pastor of the First Baptist church of which he was a member. The Knights Templar, to which he belonged, assisted. The body was taken to the home of his parents, Mr. and Mrs. O. P. Mull near Homer, Monday and services held by the Rev. M. Carpenter, the Rev. Mr. Dobson of the Homer Christian church and the Masonic lodge of Manila, of which he was a member. Burial took place at East Hill. Mr. Mull was a Shriner. He was also a deacon in the Baptist church and Scout Master of the Boy Scouts at Madison, having done much to advance that movement. The parents, widow, five brothers and three sisters survive. Mr. Mull was employed by the Pennsylvania twelve years.

All the ladies of the St. Paul's M. E. church are asked to donate for the luncheon to be served Friday noon in the room east of Aldridges store, on account of the convention.

OHIO GRANGE IN CAMPAIGN

Order There Is Boosting Sale of Liberty Bonds

(By United Press.)

Columbus, O., June 7.—Ohio grangers, 75,000 strong, today launched a mammoth summer drive on the "Hindenburg hunger line." L. J. Tabor of the Ohio grange, led the campaign to boost Liberty Bond sales. Granges met throughout the state. "Every farmer will be urged to buy a Liberty Bond," Tabor said today. "Public sentiment will be created to prevent use of grain for alcohol during the war. Farmers will take steps to curb food speculators." The campaign opened today with a farmers and merchants picnic at Zanesville.

TO QUELL DISTURBANCES

(By United Press.)

Indianapolis, Ind., June 7.—Government officials today were ready to quell any disturbance which may arise out of the second meeting of anti-conscriptionists tonight. The first gathering a week ago turned out to be a very tame affair when the agitators learned that secret service agents were present. Mark Storen, United States marshal, furnished an event which was not on the program at the first meeting when he made an address telling the anti-conscriptionists about treason and the punishment fixed if any person is found guilty.

Miller's Antiseptic Oil Known As Snake Oil Will Positively Relieve Pain in Three Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A new remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria, Tonsillitis. The oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Every bottle guaranteed; 25c, 50c and \$1.00 a bottle or money refunded. Get it at F. E. Wolcott's, Nylas Druggist.—Adv.

DR. J. B. KINSINGER Osteopathic Physician All Calls Promptly Answered Day or Night OFFICE HOURS

PREPARING FOR TRADE

London, June 7.—Great Britain is already preparing for the trade-war which will follow cessation of hostilities. A British trade corporation capitalized at 10,000,000 pounds has been formed to finance large overseas contracts after the war. It will furnish financial assistance to obtain and execute orders abroad.

"Kie-Yie-Yie! Get Me 'Gets-It' Quick!"

3 Drops Make Corn "Fall" Off!

"I've joined the Never-Again Club. Never again will I use anything for corns but 'Gets-It'! For 2 drops of 'Gets-It' on, and from that second the corn begins to shrivel."

"Oh, Don't Touch It! It's So Sore!" "Use 'Gets-It' and It Will Never Be Sore!"

Instead of swelling up like a little white sponge. Then it loosens from your toe—and, glory hallelujah! the corn comes off. You'd take a blow off your hand! "Gets-It" is the corn discoverer of the age. More "Gets-It" sold by many times than any other corn remedy in existence. Try it and you'll know the reason why. It takes two seconds to apply it, and it dries at once. That's all. Don't experiment—follow the experience of millions and use "Gets-It."

"Gets-It" is sold everywhere. Be a little, or sent on receipt of price by Lawrence & Co., Chicago, Ill.

Hold in Rushville and recommended as the world's best corn remedy by Hargrove & McEllin and Frank E. Wolcott

Notice of Petition to Vacate Alley, in the City of Rushville, Indiana.

To the City of Rushville, Rush County, Indiana, and to the Citizens thereof:—

Notice is hereby given that Ralph Payne and John S. Beale have filed their petition in the Rush Circuit Court, praying for the vacation of a certain alley in said city, which alley is described as follows: The alley 16 1/2 feet in width east and west, running north and south between and abutting upon and affecting the following described lot and tract immediately east thereof, to-wit: Beginning at the southwest corner of lot No. 14 in R. G. Sexton's addition to the town (now city) of Rushville, Rush County, Indiana, and running thence east on the south line of said lot 16 1/2 feet and its extension straight, 148 feet; thence east, parallel with the south line of said lot No. 14, 167 feet and 6 inches; thence south to the place of beginning, and the following described lot and tract immediately west thereof, to-wit: Beginning at the southeast corner of lot No. 15 in said R. G. Sexton's addition to said city of Rushville, and running thence west on the south line of said lot fifteen, 167 feet and 6 inches; thence south to the place of beginning. Said alley also adjoins and abuts upon, and said petition and proceedings will affect a strip of ground 66 feet in width north and south, adjoining the north end of said alley, and adjoining said afore mentioned tracts on the north, and extending east and west between Main and Morgan streets in said city. Said petition alleges that the above described alley has never been opened, worked or used by the public or the adjacent proprietors, and is not of public use or utility, and prays for its vacation. Said petition is set for hearing, before the Judge of the Rush Circuit Court, at the Court Room in Rushville, Indiana, on Monday, the 11th day of June, 1917, at which time and place the matters in issue therein will be heard and determined.

WITNESSED my hand and the Seal of said Court, this 6th day of June, 1917.

A marriage license was issued yesterday to Charles G. Roberts and Dorretta E. Kerner.

ROUGH ON RATS Unbeatable Exterminator of Rats, Mice and Bugs Used the World Over - Used by U.S. Government The Old Reliable That Never Fails - 15c. 25c. At Druggists THE RECOGNIZED STANDARD-AVOID SUBSTITUTES

As an automobile purchaser you are interested in just six things: Appearance, Reputation, Durability, Performance, Service, Price.

APPEARANCE

The Oldsmobile Eight is as neat and trim as a deer. It is distinctive in every line; it attracts attention everywhere. Its 17-coat luster finish, beautiful trim and luxurious upholstery make it a car you will be proud to own.

REPUTATION

The name "Oldsmobile" in itself is a guarantee. The car is built by a factory organization of trained men, many of them nineteen years in Oldsmobile service, who have a knowledge only of the construction of a high-grade car. By reason of increased production and the elimination of well known extravagances, over one hundred high-grade automobiles are created daily under the same rigorous standards and inspection which have always been associated with the name "Oldsmobile." Where else, indeed, would one look for a car enjoying the continuous favorable reputation accorded the Oldsmobile?

DURABILITY

The same high standard of material and workmanship exacted through all these years of quality building enter into the Oldsmobile Eight. Oldsmobile

reputation is a veritable bond to you for honest product and durability. Its prestige is built on years of creditable road operation.

PERFORMANCE

Remarkable flexibility, fascinating smoothness of overlapping power impulses, abundance of reserve power, rapid acceleration from snail's pace to limited speed, freedom from vibration—all characteristic eight-cylinder construction—are perfected to highest degree. The comfort of the car is a revelation; the resiliency of the springs and Marshall cushion comfort upholstery contribute riding qualities unknown in cars of the same price class.

SERVICE

A twelve months' guarantee is back of each Oldsmobile. Service stations will be found everywhere. The accessibility of the eight-cylinder motor enables quick access to working parts and at a minimum expense. Likewise all mechanical units are readily get-at-able.

PRICE

Not several thousands or some other prohibitive amount, as demanded for most cars of its quality class, but simply \$1367.00 f. o. b. Lansing.

CONTRACT TO
PAVE THIRD
STREET LETRegardless of Protests of I. & C.
Council Awards Job to George
T. Miller of Lebanon

BRICK WILL BE MATERIAL

Improvement Will Run West From
Julian Street to Intersection of
Buena Vista and Third

NO STREET OILING THIS YEAR

Increased Prices and Uncertain
Shipping Conditions Said to be
Cause For No Bids

Regardless of protests from the Indianapolis and Cincinnati Traction company that steel rails and ties could not be secured before eighteen months, the city council, at a special session last night let the contract for the paving of Third street, from Julian street west to the intersection of Buena Vista avenue and Third street. The contract however was not signed pending the selection of the brick to be used.

George T. Miller of Lebanon was the successful bidder. The steel ties asked for are to be laid in the concrete base of the street and by paving with brick a paving rail is necessary. The council believed that this was as good a time to pave as any because indications are that products will be higher next year than this.

No bids were received for oiling the streets and the matter will be permitted to rest for this year. Increased prices and uncertain shipping conditions made the oiling question a difficult one and as a result no contractor seemed willing to take a chance.

Two bids were received for the street paving. Besides Miller the Bergen-Jeffrey Company of Franklin submitted a bid. Taken as a whole the Miller bid was lower than the Franklin firm.

The street was ordered paved with brick and the contract price of the brick pavement under the Miller bid was \$2.48 per square yard. The gutter is to cost 40 cents a lineal foot; combined curb and gutter, 60 cents a lineal foot; four catch basins, \$25 each and one box culvert at \$80.

The bid of the Bergen-Jeffrey Company was \$2.60 a square yard for the brick pavement. The cement curb and gutter was five to ten cents higher than Miller. The successful contractor has the contract for the paving of the Main street in Carthage and told the council that he planned to start work on 3rd street just as soon as possible. He was ordered to give a contractor's bond for the sum of \$20,000 and a maintenance bond in the sum of \$5,000 for a period of five years.

The council will meet again Saturday night to look over the engineer's plans for the sewer extension near the new factory being built for the Modern Appliance Company.

ANNUAL I. O. O. F. SERVICES

Rev. C. M. Yocum Will Speak at Arlington Sunday Afternoon

The annual decoration services of the Odd Fellows lodge at Arlington will be held Sunday. The Rev. C. C. Yocum, pastor of the Main street Christian church, will deliver the principal address. The speaking will be held in the Christian church there and from the church the members of the order will go to the cemetery and decorate the graves of the departed members. This event is always attended by a large crowd.

THIRD GOLD MEDAL
PUPIL IS DISCOVERED

Mary V. Patterson Will Be Rewarded For Perfect Attendance Record During School Life

WAS NOT KNOWN UNTIL TODAY

A third medal student has been reported to Superintendent George and another gold medal has been ordered. The third pupil in the county to complete eight years in school without being tardy or absent is Mary V. Patterson, daughter of Mr. and Mrs. Norman Patterson of Richland township. The fact did not become known in time to present her with a medal yesterday at the educational day exercises.

Two and one-half years of her eight years in school were in Decatur county and the trustee there has certified a copy of her record. The other two who received medals were Eddie Ryan of Richland township and Donald Stoten of Center township.

HAVE CHANCE YET
TO AVOID PENALTY

Men of Conscription Age Who Failed to Register May Still do so, Local Board Says

PROVOST MARSHAL'S ORDERS

Summary Shows 887 White Men and Nine Colored Men Claimed Exemption For Many Reasons

The Rush county conscription board and a corps of volunteer helpers were working today on the list of men eligible to draft preparatory to posting the list. The names are being arranged by townships and precincts in alphabetical order.

A re-check of the figures showed no change in the total registration of 1,460. There is no way of ascertaining the exact number of men claiming exemption unless each card is examined. The summary for the entire county shows 411 claimed no exemption because of dependents. Many with dependents claimed no exemption but these are not listed in the summary. The summary does show that 887 whites indicated dependents on their cards.

One of the surprising things about the registration is the small number of colored people in the county of conscription age. The returns show that exactly twenty-five colored people registered. Nine claimed dependent relatives, three occupational exemption and thirteen indicated no exemption from the draft. The board stated today that prior to the registration it was believed there were many more than twenty-five colored people in the county. It may be that many neglected to register.

If they did fail to register they have still a chance to escape the penalty as the board will continue to receive registrations. Instructions were received today from Jesse Eschbach, state registration agent, setting out the provost marshal's appeal for the boards to use a liberal policy. A copy of the order was enclosed and the local board will follow the order.

The registration shows 1,429 white men registered, 25 colored men and 6 aliens. One hundred and twenty-one white men claimed exemption by reason of their occupations.

The board hopes to have the list of names completed by tomorrow.

Webash—The Webash Home Guard, an organization made up of about 100 boys, has been formed in this city. Members are drilling regularly.

COMPANY SECRETARY HERE

J. Vincent Murray Arrives in Rushville to Remain Permanently

J. Vincent Murray, secretary of the Modern Appliance company, which is being moved here, has arrived in Rushville to remain permanently and E. Falk, the president of the concern, will be here in a few days to take up active work in connection with the preparation for turning the wheels in the new factory. Work is progressing on the unloading the three cars of machinery which arrived day before yesterday. Two more cars are expected any time. Mr. Falk and Mr. Murray will have rooms with the Scanlan sisters in West Fifth street.

CONCRETE BRIDGE
ALMOST COMPLETED

Within Three Days Grading on Eleventh Street Improvement Will be Started in Earnest

CAN BE FINISHED BY SEPT. 1

A. L. Tribble, the contractor for the Eleventh street paving improvement, will start grading the street in a few days. A concrete bridge near the Peter Johnson place is nearly completed and other culvert work is progressing rapidly. Thomas S. Cauley, who had charge of erecting the bridge estimates that three more days will see it completed, then Tribble can start the work of grading.

There is very little grading to do and it is believed he can complete the contract by Sept. 1. He has all of his steel on hands and most of his equipment. The concrete bridge near the Johnson place spans a low place in the road and will do away with considerable filling that would otherwise be necessary.

DENOUNCE REPORT
OF COMMISSION

Coal Mine Operators Declare it an Attempt to Prejudice the Public

MEETING WITH GOVERNOR

Attorney Charges Commissioners With Violating Oaths of Office—Stormy Session

(By United Press.)

Indianapolis, Ind., June 7.—The report of the public service commission on the coal situation in Indiana was bitterly denounced at a meeting of coal mine operators with Governor Goodrich today. Wilbur Cooper, attorney for the coal mine operators, declared that the commissioners refused to accept sworn evidence at their hearing; that they violated their oaths of office and deliberately attempting to prejudice the public against coal dealers and declared they intimidated mine operators were highway robbers.

The meeting was called by Governor Goodrich in an attempt to bring about co-operation with the mine operators and to assure a sufficient supply of coal for the state this year.

The governor pleaded with those attending the meeting to enter into a voluntary agreement by which the situation might be adjusted without interference of the federal government. He suggested the appointment of a board to handle the question as was recommended by the commission in its report.

Terre Haute—The fruit crop in Vigo county will be unusually large according to present indications.

RALPH WAGONER ARRAIGNED

Implicated in Theft of Brass by Charles Bennett

Ralph Wagoner was arraigned before Judge Sparks today on a grand larceny charge in connection with the theft of the brass from two traction engines stored at the fair grounds. His bond was fixed at \$500, but he was allowed to go on his own recognizance. Wagoner was implicated in the theft by Charles Bennett, one of the three to plead guilty last week. Bennett signed the affidavit against Wagoner. The two Bennett boys and Max Pearsey were sentenced to the penitentiary by the court.

AMERICAN WARSHIPS
IN FRENCH WATERS

Dispatches From a French Port Say U. S. Vessels Were Given an Enthusiastic Reception

ARRANGEMENTS FOR TROOPS

(By United Press.)

Paris, June 7.—American warships have arrived and are now anchored off the coast of France. The vessels, conveyed from the United States a great transport loaded with wheat and other supplies.

Dispatches from a French port declared the American vessels were given a tremendous and enthusiastic reception. Here in Paris all newspapers rejoiced in this latest evidence on America's aid for France.

Great preparations are in progress for disposition of American troops whenever they arrive. Camps have been surveyed, aviation parks laid out and complete details mapped out for General Pershing's expedition.

GRAY NOMINATED
ON FIRST BALLOT

Connersville Man Sweeps Aside Opposition, Receiving More Than Enough to Win

FOUR CANDIDATES IN FIELD

Efforts to Stampede Convention For Henry U. Johnson Fail—Feddermann Gets 25 Votes

(Special to the Daily Republican.)

Cambridge City, June 7.—Finly Gray of Connersville was nominated for congress on the democratic ticket at the congressional convention here this afternoon, completely sweeping aside all opposition and again demonstrating that he is in control of the Sixth district democracy.

Gray was nominated on the first ballot receiving 72 votes. The result of the first ballot was as follows: Gray, 72; Federmann, 25; Bertsch, 15 and Henry U. Johnson, 4. An effort was made to stampede the convention for Johnson but it failed when he declined to accept the place if nominated.

Up until a few days ago the race for the democratic nomination looked like a two-man affair, but the entrance of Lawrence Bertsch of Cambridge City into the contest complicated matters. Bertsch is a manufacturer and an active party worker which commands much respect among democrats. The talk here before the opening of the convention was that the entire delegation from Wayne county—twenty-five in number—might swing over to the Cambridge City man. Finly Gray was reputed to have the Wayne county delegation lined up.

The boom for Louis Federmann

HOMER ORGANIZED
WITH 58 MEMBERS

Enthusiastic Meeting Is Held Wednesday Night in Forming A Red Cross Auxiliary There

GOWDY AND NEW SALEM NEXT

An auxiliary to the Rush county Chapter of the Red Cross was organized last night at Homer with fifty-eight charter members. The officers are Mrs. Sylvia Hodge, chairman; Mrs. Ida Loudon, vice-chairman; Mrs. Pearl Crim, secretary and Mrs. Jacob Wissing, treasurer. In the party from here going to Homer were Mr. and Mrs. Herman Tompkins, who provided the automobile, Mrs. Harrie Jones, Mrs. A. L. Stewart, T. M. Green and E. B. Thomas.

An auxiliary will be organized at Gowdy next Tuesday night and a meeting for the same purpose will be held in New Salem some time next week, the date to be selected in the next few days. Will McMillin, county auditor, has promised to arrange a meeting at Plum Creek church, which is in the neighborhood in which he lives. The Red Cross wants more members in Union township.

CARDS SHOW 350
WITH NO EXCUSE

Examination by Army Officer Shows This Many Rush County Men Will be Taken First

DID NOT CLAIM EXEMPTION

These Men Have Chance to Enlist in Company B—Drill at City Park

An examination of the registration cards by Lieut. Dillworth today revealed the fact that Rush county has 350 men who are certain to be hit by the draft because of no valid excuse. These men have been listed with the officers and one more opportunity will be given to enlist in the local company. According to the registration cards these men admit themselves they have no reason for escaping the draft and because of this they are being urged to join Company B.

Lieut. Dillworth issued the following statement today: "A careful analysis of the 1,460 registration cards discloses the names of approximately 350 men who have no valid exemption from military service. That means Rush county has 350 men, outside of men now in the service, who will be called to the colors."

"The only way in which these men can avoid being drafted is to volunteer before the names are officially announced. Company B First separate Battalion, Indiana National Guard, commanded by Capt. Kiplinger is a few men short of war strength of 150 men. This offers an opportunity for several Rush county boys to go out with their own friends and under officers whom they know. Certainly they should be prompt to take advantage of this."

The fact that these men will be taken first by the draft should have its results in filling up the local company.

The company drilled last night at the city park under the direction of Capt. Dillworth and will drill again tonight at the same place. The park will be used from now on as a drill grounds.

MASONIC MEETING

There will be a called meeting of Phoenix Lodge No. 62 F. & A. M. Friday evening at 7:30 p. m. The F. C. degree will be conferred. A large attendance is desired.

VANGUARD OF
CONVENTION
CROWD HERE

Republicans Begin Rolling in Late Today For Preliminaries to Political Meeting Tomorrow

WAYNE COUNTY TO CAUCUS

Report From Richmond Says Delegation is Likely to Center Support on B. C. Robbins

C. O. WILLIAMS OUT OF RACE

District Committee Will Meet Following Adjournment Tomorrow to Plan 22-Day Campaign

WOMEN ARE WELCOME

Now that the women of Indiana have the ballot and are taking an interest in politics, the women of Rush county will have an opportunity tomorrow to see a big convention in operation and perhaps gain some "inside" knowledge on the workings of politics. They are especially welcome to attend the convention here tomorrow, and are urged to do so, by the local central committee.

Late this afternoon republicans from all over the sixth district began arriving at Rushville for the preliminaries tonight and tomorrow morning to the republican sixth district convention, which will convene at the coliseum in the city park tomorrow afternoon at one-thirty o'clock.

Wayne county republicans were expected here this afternoon and will likely hold a caucus here tonight or the first thing in the morning. The Richmond Palladium, which has been supporting B. C. Robbins of Richmond for the nomination, says that the Wayne county delegation of thirty-one members will likely agree to support Robbins without a dissenting vote.

The Wayne county situation is not so complicated since Charles O. Williams, county superintendent of schools, yesterday withdrew his candidacy. Robert L. Kelly, president of Earlham college, is still in the race, however, but there are indications that his candidacy has not made much of an appeal.

In his announcement, Mr. Williams says he has withdrawn his name as a candidate "after a careful consideration of the welfare and harmony among republican voters of Wayne county, and my earnest desire to elect a Wayne county man to congress to fill the vacancy caused by the death of Judge D. W. Comstock."

"I earnestly hope," he says in conclusion, "that my withdrawal will unite the delegates on a Wayne county man. I thank all my friends for the interest they have taken in my behalf."

The committee on decoration for the convention today renewed its appeal for business men as well as residents in Main street and those living in the vicinity of the coliseum to decorate their homes and places of business out of honor for the visiting delegations. It is believed that there will be a large crowd here because the result of the convention's deliberations is in doubt and because of the fact that at least four counties will present candidates. All of the candidates will have a big delegation of supporters. Actual convention activities will start when the delegations meet by counties at the court house tomorrow morning. A large crowd is expected.

GRAY IS NOMINATED ON THE FIRST BALLOT

Continued from Page 1.
president of the Franklin County National bank, was having some weight among the delegates this morning and when the convention proper opened it looked like anybody's nomination.

The Rush county delegation to the democratic convention went to Cambridge City this morning. many democrats besides the delegates attending. The delegates included Donald Smith, S. L. Trabue, T. J. Martin, Sylvia Hodge, William Logan, Enoch Spurgeon, W. H. Mc-

Daniel, William Bracken, Ollie Offutt, Frank Sample, Howard Henley, Erb Vickery and Ira B. Rite. Others attending were County Chairman Cavitt, E. R. Casady, Wilbur Stiers, John Benning, G. P. Hunt and John B. Morris.

J. M. Watson is seriously ill at his home south of the city with erysipelas.

Indianapolis—The first Indiana regiment of soldiers to go to France will carry flags made by the women

NEXT TO WAR DOGS SHOULD ORDER ARE MOST TERRIBLE FARM MACHINERY

National Emergency Food Garden Commission Receives Letter Urging \$10 Tax on Them

NATIONAL LAW ADVOCATED

One Man Thinks State Statutes Are Not Strong Enough and Urges Action by Congress

Washington, June 7.—Next to war dogs seems to be about the most terrible things in the world according to the hundreds of letters that are coming to the National Emergency Food Garden Commission which is conducting a nation wide campaign for more food gardens and is just completing a nation wide survey on what the country is really doing in food conservation.

In these letters all sorts of answers to the dog question, if it be a question, are made. One of the latest is from C. S. Harrison of York, Neb., who sends a tabulated account of what can be done with the dog. Harrison says "Let Our Five Million Dogs Pay Some of Our War Tax." He is for a ten dollar tax on dogs. He, of course, would save the trained sheep dog. The document tells of the damage done by dogs to children, horses, gardens and also what good gloves a dog skin will make.

A national dog law is advocated by the Nebraskan who says: "A ten cent dog in town is often allowed to rob people of one hundred dollars worth of sleep in a single night while he barks at a cat. Sleep is one of the best assets we have. A man might as well break into a neighbor's house and rob him of five or ten dollars a night than to allow that worse than worthless dog to rob him of sleep. This would be a National matter. State laws are not strong enough."

Many have written the commission asking it to start a campaign against cats and hundreds of suggestions are being sent in as to how to police the food gardens. The Boy Scouts have been organized for this purpose in many towns.

Farmers Urged to Investigate Their Needs Now in Order to Avoid Trouble Later

TRANSPORTATION IS POOR

Because of This Farming Implements May be Hard to Get in Time For Harvest

Indianapolis, Ind., June 5—Farmers of Indiana were today warned to place their orders for machinery which they will need for harvesting the 1917 crop early enough so that they will be sure to have their implements when needed in a bulletin issued by G. I. Christie, state food director.

On account of shipments being irregular, labor scarce, transportation uncertain and the fact that some manufacturers are unable to get the amount of steel they need, the food director advises that orders be placed for machinery as soon as it is known what will be needed.

"As labor this year will place an increased burden on farm machinery and increased acreage is bound to make a greater demand for such implements dealers should investigate their needs as early as possible so they may avoid losses to themselves and their patrons," says the bulletin. "Manufacturers must order their materials far in advance, so that they may order raw materials in time." In order to relieve the lack of sufficient machinery, farmers were urged to make arrangements to selling or loaning any implement which they cannot use themselves; make efforts to keep necessary changes in the working hours and close co-operation and to overhaul all machinery as soon as possible in order needed repairs may be made at once.

"Considerable inconvenience may be expected and should be tolerated in the spirit of real patriotism which calls upon every true American farmer to produce every bushel within his power," the statement declares.

GRAIN PRICES ARE STEADY; HOGS UP

Chicago Market Holds Firm With Slight Changes—Hog Receipts Lower.

BULK OF SALES \$15.30 TO \$15.75

Chicago grain was steady today, July wheat advancing three cents and September losing one half cent over yesterday's close. Hogs in Indianapolis were ten to fifteen cents higher with receipts 4,000 under yesterday's. Indianapolis grain was steady, wheat being quoted the same with corn from one to two cents higher. In Chicago July corn was one-quarter of a cent higher; September 1 and one quarter lower and December off one and one-half cents. The quotations on oats was off one cent.

—The Misses Margaret Hoke and Susie Taylor, Lawrence Clark and Robert Vredenburg motored to Greensburg last evening.

—Mrs. J. B. Kinsinger and daughter Brenda left today for an extended visit with relatives in Chicago, Des Moines, Iowa, and Kirksville, Mo.

—Mr. and Mrs. E. W. Ball will leave for Cincinnati this evening, where they will spend the remainder of the week.

SHEEP-KILLING DOGS ARE COSTLY

State Veterinarian, in Starting Campaign, Urges Owners to Tie Up Animals

CITES HIGH PRICE OF WOOL

Large Number Have Been Killed in Rush, Delaware And Montgomery Counties

Indianapolis, Ind., June 4—"Be patriotic and tie up your dog!" This was the advice given today by Dr. L. E. Northrup, state veterinarian, as he started a state campaign to eliminate the killing of sheep by dogs. Thousands of dollars worth of sheep are killed each year in Indiana by dogs, and it is important that local authorities take immediate stringent steps to eliminate this leakage in food and wool supply, according to Doctor Northrup.

Provision is made by counties to pay damage for sheep killed by dogs. The amount paid out each year is close to \$50,000. Delaware, Rush, and Montgomery counties have an exceptionally large number of sheep killed in this manner, according to officials.

"Although a man has contributed a son for the army, a daughter for the Red Cross, bought Liberty Bonds and planted a garden, he hasn't done his 'whole bit' if he has a dog running around loose," said Dr. Northrup. "Wool is very scarce in this country right now and is getting

more so as the necessity of conserving food and especially such excellent food as mutton.

"Every man should make certain that his dog is not doing any damage. It's usually the dog that the owner believes harmless which does the damage. The dogs get out at night when the people are asleep to kill and in the morning are back at home again, and to all appearances of the dog, nothing has happened.

"An instance is had recently when I was in the northern part of the state, where a great many sheep were being killed. I warned one man to be sure and tie his dog up. But he protested that his dog never did any damage. The next day I saw that dog near a flock of sheep, three miles from home, and I shot him without further notice.

"There is only one way to be sure and that is to keep your dog tied."

PASTOR VISITS RUSHVILLE

The Rev. A. M. Hootman, pastor of the Arlington Christian church, visited here for a few hours yesterday afternoon. The Rev. Mr. Hootman was formerly the Christian church minister at Greencastle, where he still resides. He will preach at Arlington next Sunday morning and evening at the usual hours.

An ice cream social will be given in the Baptist church at Homer, Saturday night.

A nine pound girl was born to the wife of Louis Sandler, living in West Fifth street, this morning.

The ladies of the Baptist church will give an exchange, Saturday morning, June 9 in the vacant room east of the Aldridge grocery store.

Mary Pickford

Amusements

A new view of the west is furnished the public tonight in the Fix feature picture "The Mediator" which will be shown at the Gem. It is a western drama that is different. It is full of rapid action and quaint humor with its central figure, a man who loves peace so much he is willing to fight for it, in fact he spends his whole life battling in its name. This is the character of the Mediator part taken by George Walsh. He is supported by Juanita Hansen. Tomorrow the eighth episode of "The Mystery of the Double Cross" will be shown with a Max Linden comedy.

The next chapter of "Patria" is the first picture offered at the Princess tonight. In addition the feature drama "The Female of the Species" with Dorothy Dalton featured will be shown. The attraction at the Princess Friday will be Mary Pickford in "Poor Little Peppina".

Kate Jordon. This is a big thrilling story which abounds in interest and suspense, with love and there a heart laugh as Mary Pickford struggles with the difficulties of her first cigarette and her general initiation into boydom. Saturday Charles Chaplin will be seen in his latest comedy "The Cure."

The Lyric offers "The Isle of Love" a five act feature drama for the program tonight. Gertrude McCoy is featured and there are many beautiful scenes taken in the South Sea and Orient. Tomorrow the five act comedy drama "Father and Sons" will be shown.

Senreco
The double-service tooth paste,
keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

Dry Vegetables

Dry vegetables and fruits for winter use if tin cans and glass jars for canning are scarce or expensive.

This is the advice of specialists of the U. S. Department of Agriculture, who recently have studied the possibilities of conserving food to meet war needs in spite of any difficulties that may be experienced in obtaining canning containers. "Drying was a well-recognized and successful way of preserving certain foods before canning came into general use, the specialists point out, and modern methods make it still more practicable than formerly, either in the home or in community groups.

Three methods of drying have been found by the Department specialists to give satisfactory results. These are sun drying, drying by artificial heat, and drying with air blasts, as before the electric fan. Trays for drying by any one of these methods, as well as tray frames for use over stoves or before fans, can be made satisfactorily at home. Frames and trays for use with artificial heat may be purchased complete if desired.

Homemade trays may be made of side (and end boards three-fourths of an inch thick and 2 inches wide, and bottom boards of lathing spaced one-fourth of an inch. If desired, one-fourth-inch galvanized wire mesh may be tacked to the side and end boards to form the bottoms of the trays. Frames for use before fans may be made of wood of convenient size. Frames for use with artificial heat should be made of nonflammable material to as great an extent as possible. As many as six trays may be placed one above the other when artificial heat is used. In drying before a fan the number of trays that may be placed one above the other will depend, to a large extent, upon the diameter of the fan. In drying in the sun, trays as described may be used or the products to be dried may be spread on sheets of paper or muslin held in place by weights.

Vegetables and fruits will dry better if sliced. They should be cut into slices one-eighth to one-fourth of an inch thick. If thicker, they may not dry thoroughly. While drying, the products should be turned or stirred from time to time. Dried products should be packed temporarily for three or four days and poured each day from one box to another to bring about a thorough mixing, and so that the whole mass will have a uniform degree of moist-

Green's August Flower

Has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart caused by gases in the stomach. August Flower is a gentle laxative, regulates digestion both in stomach and intestines, cleans and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and improves the blood and the general condition of the system.

ture. If during this "conditioning" any pieces of the products are found to be too moist, they should be returned to the trays and dried further. When in condition, the products may be packed permanently in tight paper bags, insect-proof paper boxes or cartons, or glass or tin containers.

An acre of good forage will produce from 350 to 600 pounds of pork gains. This means a saving of 1750 to 3,000 pounds or thirty-one to more than fifty bushels of corn, according to the usual estimate of five pounds of grain for each pound of pork gain.

A conclusion reached by the Missouri Experiment Station in feeding hogs is "that hogs fed grain on pasture make cheaper and more rapid gains than those fed in a dry lot." For economical gains on good pasture at least two and one-half to three pounds of grain should be fed each day per 100 pounds of live weight of the pigs.

The feeding values of the common forages for hogs rank as follows: alfalfa, clover, rape, blue-grass, rye, soybeans. In addition to saving grain, pastures for hogs will save time and labor.

Forage Crops For Hogs

The extreme scarcity and prevailing high prices of grain used in the feeding of hogs have forced the farmers of Indiana to consider, as never before, the economical production of pork from every reasonable point of view.

As the growing of forage crops is one of the most practicable means of saving grain, weeds should not be allowed to occupy idle barn lots this summer. The Animal Husbandry Department of Purdue University suggests that since these lots are generally the most fertile spots on the farm, if a proper seed bed is prepared, then planted to rape at the rate of 4 to 6 pounds of seed per acre, or to some other good forage as sweet corn or rye, waste will be turned into pork at a handsome profit.

Keep in mind the fact that the billions of dollars that will be loaned to our allies will be spent right here in this country in the purchase of supplies for their armies and civilian population. This will mean increased activity for every line of business from the factory to the farmer. It will also mean that the millions that have been hoarded up will be put into circulation and each person will be directly benefited thereby. Men of brains will see the significance of these facts, but the croaker of course, will keep right on croaking.

A Form of Preparedness

The editor of "The Nation's Business," the official organ of the Chamber of Commerce of the United States, writing of post-war economic plans, says: "Until we have some other things set straight, we shall leave the days after the war to look after themselves." In the same article he says that the economic problems which the end of the war will bring have the continuous attention of France. We know that they have the continuous attention of Germany, as well as of England. Our commercial attaché in Chile informs us that a British traveler representing about 100 merchants and manufacturers of Great Britain is at present appointing local agents throughout Central and South America. We know that Japan is moving heaven and earth to insure her commercial supremacy in the Pacific after the war. Canada, Italy and Australia are making preparations for post-war trade. Does the statement of the editor of "The Nation's Business" represent the attitude of the nation's business men? Are we to be as dilatory in preparing for post-trade as the government was in preparing for the war itself?

Now that we have a war with Germany let's eliminate that of the clothesline variety. A kind word across the back fence is better than a tilted nose any day.

We suggest, however, that tramps would make excellent dog meat this summer, and would be quite in line with our efforts at national economy. Sick 'em!

Experts have figured that for the first day the war will cost the United States about \$17,000,000.00 a day. One hour of it would flatten us out.

Two important things in this life are to be a good citizen and a good neighbor.

DON'T PAY THE PEDDLER

A big price for an inferior article when you can get a high-grade well-known, reliable government proved article like STANDARD HOG REGULATOR from your dealer, who is here all the time to make good any claims and to protect his customers. The peddler is here today and gone tomorrow. He pays no taxes, leaves no money in the community, and when goods do not come up to his claims he is far away. Even if he had as good an article as STANDARD HOG REGULATOR, and no peddler has, you could not afford to buy from him.

Your farm is more valuable if you have a good town near by, and the peddler don't help build the town. But the best reason,

after all, why you should use STANDARD is because it is the best.

EXPECT TO SETTLE THE COAL PROBLEM

State Authorities And Operators Be-
lieve Danger of Famine This
Winter Can be Removed

WHAT'S SOUGHT BY CONFEREN

(By United Press.)

Indianapolis, Ind., June 7.—Final discussion of the coal situation in the state between mine operators and members of the public service commission and Gov. Goodrich took place at a meeting here today. Means of co-operation between the mine operators, dealers and consumers were outlined at the meeting by public service commissioners. These recommendations were based on a thorough investigation into the coal situation in all parts of the state.

That the coal question will be settled satisfactorily, so that there will be no danger of a coal famine this winter, is the belief of all at the meeting.

The main points outlined at the meeting for lessening the danger of scarcity were:

Increased production at the mines. Many mines have been operating only part time, due partly to labor conditions and partly to lack of transportation facilities.

Procuring better service from the railroads on shipments from the mines.

And for mine operators in procuring labor through the state council for defense and the state labor agencies.

PEPSINCO

ON EVERYONE'S TONGUE. HUN-
DREDS IN THIS CITY NOT ONLY
SAY PEPSINCO, BUT TAKE PEP-
SINCO AFTER EVERY MEAL.
THAT'S THE REASON THEY
HAVE A GOOD STOMACH.

Pepsinco—say it yourself that it may be easy to remember, easy to pronounce, easy to recall. Pepsinco demonstrates and identifies the strongest, most vital, most valuable remedy for indigestion and dyspepsia in the market. Every time you say Pepsinco to your druggist you are asking him for relief for your dyspepsia.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are well today. They took Pepsinco because it helped others, because it is highly recommended.

You try it out. Take a dose of this remarkable preparation, Pepsinco. You'll find we are right. You'll feel better after the first dose. Its prompt action will bring you around to normal health quickly and safely.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food; if gas follows eating; if belching distresses you; if flatulency produces heart palpitation or heartburn, then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You who have suffered with indigestion and dyspepsia owe it to yourself to try Pepsinco. You cannot afford to delay longer. You cannot afford to take false or questionable remedies, the composition of which is uncertain and perhaps wrong. Buy Pepsinco of your druggist and get the scientific indigestion remedy. All druggists have Pepsinco, or we will send you a sample free of charge. The Neuro Pharmacy Company, Wapakoneta, Ohio. (Advertisement.)

CROWD ARRIVES TODAY VANGUARD OF CONVENTION

Continued from Page 1.

morning as republican headquarters are not open. The delegations will organize. The assembly room will be used as headquarters tomorrow meet as follows:

Wayne county—assembly room.
Fayette county—clerk's office.
Hancock county—auditor's office, room 1.
Rush county—treasurer's office.
Franklin county—recorder's office.
Shelby county—teachers examination room.
Henry county—County commissioners room.
Union county—auditor's office, room 2.

The nomination seems to be anybody's today. If the Wayne county delegation centers on one man, they will be a strong force because they have thirty-one of sixty votes necessary for a choice. Henry county, the next largest in the district, with twenty-two delegates, will not present a candidate, according to present indications. Shelby county has sixteen votes and will have the third largest delegation. Shelby will present a candidate, Elmer Bassett of Shelbyville, and it is reported that the sixteen votes will be cast for him. Rush county is the fourth largest delegation and will cast fifteen votes. No one seems to know just what the local delegation will do because none of the delegates are instructed. Whether or not the delegation will heed Wayne county's priority claim is not known. Fayette county has twelve delegates and will offer the name of Richard Elliott, it is presumed, because Mr. Elliott has written friends here that he is a candidate. Hancock county, with eleven votes, will offer the candidacy of Will Hough of Greenfield. Franklin county, with seven votes, and Union county, with five votes, will have no candidates.

According to a story from Indianapolis, a meeting of the sixth district committee will be held here immediately after the adjournment of the convention to make plans for the brief campaign, which will last only twenty-two days. L. W. Henley, secretary of the republican state committee, gave out an interview in Indianapolis, in which he says the republicans of the district will not be satisfied with a nominal victory but that their aim is a substantial increase in the district's republican plurality rolled up last November.

The Indianapolis News says that Mr. Henley received a letter yesterday from Senator Harry S. New, senior United States senator from Indiana, asking that speaking assignments in the sixth district be given to the following senators: Johnson, of California; Jones, of Washington; Curtis, of Kansas; Harding, of Ohio; Borah, of Idaho, and Wadsworth, of New York.

Senator Jones will be in the district June 18 and 19. Senator Johnson will make one speech, probably at Richmond. James E. Watson, junior United States senator from Indiana, will speak at least once in each county of the district. Several well-known republican congressmen also will be heard.

"The Republicans will wage a vigorous campaign," said Mr. Henley. "Never was there more party interest than at present. The township meetings held throughout the district Monday night for the selection of delegates to the Rushville convention were well attended. There is a large field of active and receptive candidates for the congressional nomination, but each and every one of them and his friends and supporters are going about their business in a spirit that augurs well for the party."

"There is none of the bitterness that usually characterizes party contests where the chance of election is as certain as it is at the present time in the sixth Indiana district. The nominee of the Rushville convention will enter the contest backed by a militant and determined organization."

TRAVELERS MEET

Erie, Pa., June 7—Two thousand "knights of the grip" breezed into Erie today for the annual state convention of the United Commercial Travelers of America. Lodges of western New York and eastern Ohio sent delegates. Mayor Kitts did the official welcoming with a speech of greeting.

The regular meeting of the Lur-line Council No. 296 will be held in the Red Men Hall, this evening, and a large attendance is requested.

Fourteen members of the Foreign Missionary society of the Methodist church were entertained by Mrs. Sarah Ball, yesterday afternoon, at her home in North Jackson street.

Minor business matters were discussed and refreshments were served.

One of the pretty weddings of early June was solemnized last evening when Miss Mary Evelyn Seruggs, daughter of Mr. and Mrs. D. B. Seruggs of Indianapolis and Walter Martin Crockett of Chicago

Social Calendar

Friday

Friday Afternoon Embroidery club with Mrs. Clarence Carr at her home in Glenwood.

Bridge club with Miss Grace Buell, at her home east of this city.

Young People's Christian Union of the U. P. church with Miss Ethel Ellingwood, 828 West Third street.

were married at the Downey Avenue Christian church at Irvington, Mrs. Sadie Williams of this city was among the out-of-town guests.

Miss Leona Brooks, who will be married June 14, was honored with a miscellaneous shower, yesterday afternoon at her home in Raleigh. Locust blossoms were used to decorate the living room, and pink and white sweet-peas adorned the dining table. A color scheme of pink and white was also prominent in the ices which were served. An advertising contest was introduced in which Mrs. Olive Rich was victorious, and Mrs. Charles Rich won the pretty trophy in a musical contest. Seventy-five guests enjoyed the delightful affair.

The Ben Davis Auxiliary of the C. W. B. M. met with Mrs. Avis Brooks Tuesday afternoon. A program was carried out as follows; Doxology; Bible lesson, 54th Psalm, Mrs. Helen Kirkwood; prayer, Delilah Ging; song, "Rescue the Perishing" in chorus; business period; reading; Mrs. Hanson; "Mite Box", Leona Reese; paper, "The First Missionary Work Done by Indians in May, 1835," Mrs. Mollie Austin; 23rd Psalm, Delilah Ging; solo, Avis Brooks; circle of prayer; hidden answers. The program closed with the singing of "America" and the National benediction.

Sixty-two members of the C. W. B. M. of the Christian church were present at the meeting, yesterday afternoon, in the parlors of the church. The program opened with a violin solo by Miss Gladys Tittsworth, Mrs. B. F. Miller read a paper on "Heroism and Christian Conquest in Argentina" "Geographical and Historically Considered" was the topic of a paper by Mrs. O. C. Norris. The ladies of the June division were the hostesses and served splendid refreshments at the close of the meeting.

Twenty-two members of the Shawmut club of Connersville were entertained with an all day meeting, yesterday at the home of Mrs. James Moore in West Fifth street. Mrs. Moore formerly being a member of the club, made the reunion all the more enjoyable. Many varieties of cut flowers were used to decorate the home and a pitch-in dinner was served at noon. In the afternoon, two clever contests were introduced,

Silks
Voiles
Flaxons
Organdies

Every expression of Silk Styles may be found in our extensive showing of Silks. With silk so much in use this year you will want to see a line which is complete and distinctly unusual—not only in design, but in the number of variety of colors.

Crepe de Chines in excellent quality in pink, olive-green, salmon, sky blue, navy, rose, gold, purple, yellow, American beauty, lavender and African brown.

Italian Kaiser Silk Fabrics—a beautiful material for sport wear in gold, rose, turquoise, green, salmon, American beauty.

Silk Poplins—a wide range of colorings, including steel gray, yellow, purple, brown, wine, gold, navy, light green, olive, black, white rose and plum.

GIVE YOUR SUPPORT TO THE RED CROSS

LAWYERS FIX UNION SCALE

(By United Press.)

Bowling, Green, O., June 7.—You can get a divorce and alimony for \$50, but it will cost you \$500 to be defended on a first degree murder charge according to the attorney rates agreed on by lawyers today. Other prices are: contingent fees in damage cases, 33 1/3 per cent; second degree murder \$330; manslaughter \$200.

G. O. P. OUTGENERALLED

(By United Press.)

Washington, June 6.—Democrats outgeneralled republicans and forced adjournment of the house this afternoon following a brief morning session at which Republican Leader Mann tried unsuccessfully to force consideration of the Rankin constitutional amendment for woman suffrage. The house voted to adjourn, 210 to 119.

A girl was born to the wife of Adolph Faurote of New Salem, this morning. Mrs. Faurote was formerly Miss Luna Lee.

Indianapolis—The public service commission today heard testimony of warehouse men of this city to file warehouse tariffs. This is the first time warehouse owners have asked to file tariffs with the commission.

COMPLAINTS ON SLACKERS HEARD

Provost Marshall Sends Them to Department of Justice as Fast as Received

GETTING READY FOR DRAFT

(By United Press.)

Washington, June 7.—Complaints against slackers began to pour into the provost marshal general's office today. Each complaint was immediately referred to the department of justice for action. A special advisory board was ready today to submit recommendations for general exemptions to President Wilson. Exemptions, however will be placed almost entirely in the hands of local boards.

President Wilson is today preparing a proclamation embodying these outlines:

The board may be composed of local officers in each community.

For each federal or judicial district an appellate board is provided to review the work of the local board and act upon appeals from their decision.

REJECTS COALITION PLAN

Conscription in Canada Must be Approved by People

(By United Press.)

Ottawa, Ont., June 7.—Plans for a coalition cabinet have been rejected by Sir Wilfred Laurier, the liberal leader, it was announced today. The proposal which was advanced by Premier Borden was rejected on the conscription issue, Laurier holding that the country should first pass on the measure.

Premier Borden will not press the conscription bill. It will probably be passed after which the parliament will be dissolved.

GETS LIFE SENTENCE

(By United Press.)

Rockville, Ind., June 7.—Martin Wright was today found guilty of second degree murder in connection with the killing of Martin Jones, sheriff of Vermillion county and sentenced to life imprisonment by the jury. Jones was killed December 1, 1915 when the sheriff was placing a trap under arrest. The case was tried before Judge J. C. Vance.

TAX ON CHECKS

(By United Press.)

Washington, June 7.—The senate finance committee today put a two cent tax on all checks and drafts over five dollars as a new levy in the war revenue bill. It is expected that \$10,000,000 will be raised under the new section. The committee decided to strike out the levy of ten per cent on dues, for social, sporting and athletic clubs, thereby dropping \$10,000,000 in revenue possible.

NEWS OF INTEREST FROM MANY POINTS IN COUNTY

Sumner

Lee H. Macy's children have had the measles.

The cottage prayer meeting was at George Thayer's last Tuesday night.

There was a good attendance at the Little Blue Friend's church Sunday night. The Rev. Joe Youngs preached.

Several boys in this community had to register Tuesday.

The Bible Study class of the Little Blue Friend's church will have their graduating exercises at the church, next Friday night. There will be eight graduates.

Word has been received here by Mrs. Jennie F. Pressnall that her brother, J. W. Folger, of Richmond, is not expected to live but a short time.

Mr. and Mrs. Darst Beckner and daughter, Ardith, were visiting at W. O. Swain's, Sunday.

The Rev. Archibald Ericksson, of Carthage, preached a good sermon at the Arlington M. E. church, Sunday morning on the topic, "Opportunity." The Rev. T. J. Anthony preached a good sermon Sunday night.

Richland Township

Ed George was a business visitor, at Brookville Monday.

Mr. and Mrs. Lewis Golay, Mrs. Gertrude Mills and daughter Miss Enda were the Sunday guests of Mr. and Mrs. C. O. Kinnett and family.

Mr. and Mrs. Ed Logan were shopping at Rushville Saturday.

Herbert and Oscar Nash motored to Warren Saturday night, and were guests of their parents over Sunday.

Mr. and Mrs. John Ayers and family and Mr. and Mrs. Newt Gruell and family spent Sunday with Mr. and Mrs. John Osborn and family.

Mr. and Arthur George and family motored to Connersville Saturday afternoon.

Miss Martha Scott spent Saturday night and Sunday with her grandparents, Mr. and Mrs. James Hood.

Quite a number from here attended the Patriotic Demonstration at

Orange

Mr. and Mrs. Harry McCrory and family of Glenwood spent Sunday at the home of Mr. and Mrs. A. B. George.

Edwin Stewart, who is attending school in Indianapolis, spent the week end with his parents, Mr. and Mrs. W. Stewart.

The Rev. W. F. Schrontz preached at the Christian church here Sunday morning and at Alpine in the evening.

Mrs. Ozro Stevens and sister, Mrs. Lizzie Stevens, left Wednesday for Oklahoma for a two weeks' visit with their parents.

Mrs. Charles Murphy has been called to Greentown by the serious illness of her father, Michael Fey.

Mrs. Gilbert Morris of Connersville spent Sunday with her parents Mr. and Mrs. Elmer Morris.

The Rev. Mr. Brown of Arlington preached at the M. E. church Sunday afternoon.

Children's day exercises will be held at the M. E. church Sunday, June 17.

Town Improvement

Protection Versus Insurance

One serious drawback to the healthy growth and development of the average town is the absence of adequate protection from loss by fire. Too many are content to seek protection through insurance, when the sensible course would be to make fires practically impossible.

This is not said with any intent to decry the business of the insurance companies, but rather as an aid to them in the efforts they are all making to impress upon the people the great necessity for adequate protection. Contrary to the belief of many people, it is the desire of the companies that the very best possible protection be furnished, for while

reducing the rate and consequent cost of insurance, it also practically eliminates the risk, resulting in a decided saving to the companies.

The writer has in mind a town of about 2,000 inhabitants that, although there is a river flowing directly through the corporate limits, has not the faintest approach to fire protection. It has a system of water works that furnishes water for domestic purposes, but not a fire plug or a foot of hose is to be found in the town. This town within the past fifteen years has had three disastrous fires, each one resulting in losses that ran into the hundreds of thousands of dollars.

Its insurance rates are as high as an angry cat's back, ranging from \$1.50 to \$3.50, yet its people have persistently refused to install an adequate water system. Following its last big fire, which consumed an entire block of fine brick business houses, there were strong threats of the insurance companies withdrawing from the town.

The town is ideally located, in a rich mining and timber country, and but for the apathy of its citizens could take high rank as a manufacturing center. But live business men pass it up, as they will pass up all towns of its class.

But the one vital reason why full fire protection should be installed is that the unprotected town is the paradise of the fire bug—the man who regards the insurance companies as his best customers. Many a bankrupt stock of worthless goods has thus been disposed of because its owner knew that all he had to do was to start a blaze, when it would be impossible to quench it.

One of the first improvements demanded of any town that would aspire to a healthy, thriving future is

MOVES FORWARD ON FRONT OF NINE MILES

Field Marshal Haig's Offensive Captures First Objectives on Messines Ridge

OTHER PROGRESS IS MADE

(By United Press.) London, June 7.—Field Marshal Haig's offensive swept forward victoriously today over a front of nine miles.

"We attacked German positions on the Messines ridge on a front of nine miles and everywhere captured our first objectives," said the report. "Progress in other sections was satisfactory."

The Messines ridge is located in the small triangle of Belgium just below Ypres. This sector has been quiet for nearly a year. During the last two days the British began an almost continuous raid in this section and British artillery roared continually in bombardment.

Probably the Germans figured the raids were to acquire information as to the forces opposing the British there and the artillery preparatory to an assault.

COLLIER IS SAFE

(By United Press.)

Washington, June 7.—The electrically driven collier Jupiter, carrying 10,100 tons of wheat and other supplies has arrived in French waters, it was officially announced today.

Laporte—Garden owners of this city have started a war on dogs which have been devastating crops.

THIRTY CASES ARE BEFORE THE BOARD

Quarterly Meeting of State Board of Pardons Will Be Held in Indianapolis This Month

MANY KIND OF CASES UP

Only One Plea is That of a Murderer, Joseph Fultz, Sentenced in 1911 For Life

(By United Press.)

Indianapolis, Ind., June 7.—Thirty cases which will be heard by the pardon board at its quarterly meeting were announced today. Among the more important cases to be considered are:

Samuel Goldstone, Kosciuszko county, sentenced 1909 to eight years. Paroled, sentenced to Joliet while on parole, then turned over to Jeffersonville.

Russell A. Thompson, Allen county, sentenced 1916 to six months to penal farm and fined \$200 for taking auto without permission.

Claude Baker, Vanderburgh county, sentenced 1909 to state prison twenty years for burglary.

Virgil Sisco, Vanderburgh county, sentenced 1916 to Indiana reformatory one to eight years for petit larceny.

Joseph Fultz, sentenced 1911 to state prison life sentence for murder.

William Taylor, alias Early Morrow, Knox county, sentenced 1913 to state prison ten to twenty years for burglary.

George Siler, Jay county, sentenced 1915 to state prison for assault and battery with intent to commit felony.

Herbert Jones, Laporte county, sentenced 1915 to Indiana reformatory five to fourteen years for robbery.

Oscar Kehwa, Lake county, sentenced 1916 to state prison life sentence for criminal assault.

Levy Taylor, Allen county, sentenced 1916 to state prison two to fourteen years for assault with intent.

Edward Dennison, Vanderburgh county, sentenced 1912 to state prison ten to twenty years for burglary.

SILVERSHELL WAS VESSEL MAKING HIT

It Was She Who Sank a German Submarine in Mediterranean, State Department Announces

A STATEMENT FROM PARIS

(By United Press.)

Paris, June 7.—Shots were exchanged by the American steamer Silvershell and a German submarine in the Mediterranean, the minister of marine announced today. The submarine suddenly disappeared.

Washington, June 7.—The American vessel Silvershell, reported from Paris as having exchanged shots with a German submarine in the Mediterranean, is the American vessel which the navy department stated yesterday had sunk a submarine.

DIVORCE FOR MRS. RICHTER

Granted Decree From William Richter on Paying Costs

A divorce was granted Mrs. Elsie Richter from William W. Richter today in circuit court. Mrs. Richter alleged cruel treatment. The defendant did not appear against her. The decree is to be entered upon payment of the costs.

Delaney M. Miller was given a judgment on a note against Bruce Graham, for \$735.50 and \$45 attorney fees. The defendant defaulted.

LONE MULE HEADS PARADE

Maude Muellers Held Demonstration Before Giving Degree Work

A poor, dejected mule was the vehicle for over a hundred Maude Muellers from this city and Connersville when they paraded the streets last night before a meeting in the Red Men's hall. Fifty-two visitors arrived from Connersville at 7:27 o'clock and a delegation of sixty-two from Rushville was there to meet the car, headed by a mule to which was tied two long ropes and each woman had a hold on the rope. The visitors found a place to "hitchon" to the mule and a parade through town was made to the Red Men's hall. A class of fifty-six candidates from here and Rushville was initiated by the Rushville team and refreshments of ice cream and cake were served after the work.

Alvan Alexander, Blackford county, sentenced 1907 to Indiana reformatory for issuing fraudulent check.

C. F. Gully, Leport county, sentenced 1915 one to fourteen years to Indiana reformatory for house breaking.

Frank Parker, Morgan county, sentenced 1914 ten to twenty years to Indiana reformatory for burglary.

Edward Yocum, Clay county, sentenced 1912 ten to twenty years to state prison for burglary.

C. E. MULL FUNERAL

Short funeral services for C. E. Mull, who died at North Madison, were held at the late home last Sunday afternoon by the Rev. W. A. Carpenter, pastor of the First Baptist church of which he was a member. The Knights Templar, to which he belonged, assisted. The body was taken to the home of his parents, Mr. and Mrs. O. P. Mull near Homer, Monday and services held by the Rev. M. Carpenter, the Rev. Mr. Dobson of the Homer Christian church and the Masonic lodge of Manilla, of which he was a member. Burial took place at East Hill. Mr. Mull was a Shriner. He was also a deacon in the Baptist church and Scout Master of the Boy Scouts at Madison, having done much to advance that movement. The parents, widow, five brothers and three sisters survive. Mr. Mull was employed by the Pennsylvania twelve years.

All the ladies of the St. Paul's M. E. church are asked to donate for the luncheon to be served Friday noon in the room east of Aldridge's store on account of the convention.

OHIO GRANGE IN CAMPAIGN

Order There Is Boosting Sale of Liberty Bonds

(By United Press.)

Columbus, O., June 7.—Ohio grangers, 75,000 strong, today launched a mammoth summer drive on the "Hindenburg hunger line." L. J. Tabor of the Ohio grange, led the campaign to boost Liberty Bond sales. Granges met throughout the state. "Every farmer will be urged to buy a Liberty Bond," Tabor said today. "Public sentiment will be created to prevent use of grain for alcohol during the war. Farmers will take steps to curb food speculators." The campaign opened today with a farmers' and merchants picnic at Zanesville.

TO QUELL DISTURBANCES

(By United Press.)

Indianapolis, Ind., June 7.—Government officials today were ready to quell any disturbance which may arise out of the second meeting of anti-conscriptionists tonight. The first gathering a week ago turned out to be a very tame affair when the agitators learned that secret service agents were present. Mark Storen, United States marshal, furnished an event which was not on the program at the first meeting when he made an address telling the anti-conscriptionists about treason and the punishment fixed if any person is found guilty.

Miller's Antiseptic Oil Known As

Snake Oil

Will Positively Relieve Pain in Three Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A new remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria, Tonsillitis. The oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Every bottle guaranteed; 25c, 50c and \$1.00 a bottle or money refunded. Get it at F. E. Wolcott's, Nye's Drug Store. —Adv.

PREPARING FOR TRADE

London, June 7.—Great Britain is already preparing for the trade-war which will follow cessation of hostilities. A British trade corporation capitalized at 10,000,000 pounds has been formed to finance large overseas contracts after the war. It will furnish financial assistance to obtain and execute orders abroad.

"Kie-Yie-Yie! Get Me 'Gets-It' Quick!"

8 Drops Make Corn "Fall" Off! "Two joined the Never-Again Club. Never again will I use anything for corns but 'Gets-It'. Put 2 drops of 'Gets-It' on, and from that drop the corn begins to shrivel, and the corn begins to fall off!"

"Don't Touch It! It's So Sore!" "Use 'Gets-It' and It Will Never Be Sore!" Instead of swelling up like a little white sponge. Then it loosens from your foot—and, glory hallelujah! the corn comes off as though you'd take a knife to it. 'Gets-It' is the corn discoverer of the age. More 'Gets-It' is sold by many times than any other corn remedy in existence. Try it and you'll know the reason why. It takes two seconds to apply it, and it dries at once. That's all. Don't experiment—follow the experience of 'Gets-It'—it is sold everywhere. Be a little, or send on receipt of price by Lawrence & Co., Chicago, Ill. Sold in Rushville and recommended by the world's best corn vendors, Messrs. Hargrove & Mullin and Frank E. Wolcott.

Notice of Petition to Vacate Alley, in the City of Rushville, Indiana.

To the City of Rushville, Rush County, Indiana, and to the Citizens thereof:—

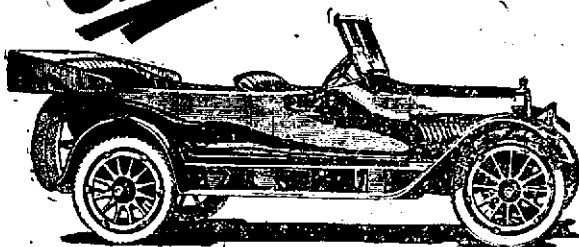

Notice is hereby given that Ralph Payne and John S. Beale have filed their petition in the Rush Circuit Court, praying for the vacation of a certain alley in said city, particularly described as follows: The alley 16 1/2 feet in width east and west running north and south between and abutting upon and affecting the following described lot and tract immediately east thereof, to-wit: Beginning at the southwest corner of lot No. 14 in R. G. Sexton's addition to the town (now city) of Rushville, Rush County, Indiana, and running thence east on the south line of said lot 166 feet and 7 1/2 inches to the southeast corner thereof; thence north with the east line of said lot, its extension straight, 165 feet; thence west, parallel with the south line of said lot No. 14, 167 feet and 8 inches; thence south to the place of beginning; and the following described lot and tract immediately west thereof, to-wit: Beginning at the southeast corner of lot No. 15 in said R. G. Sexton's addition to said city of Rushville, and running thence west on the south line of said lot fifteen, 165 feet and 7 1/2 inches to the southwest corner thereof; thence north with the west line of said lot 15, and its extension straight, 165 feet; thence east, parallel with the south line of said lot fifteen, 167 feet and 8 inches; thence south to the place of beginning. Said alley also adjoins and abuts upon, and said petition and proceedings will affect a strip of ground 84 feet in width north and south, adjoining the north end of said alley, and adjoining said aforesaid mentioned tracts on the north, and extending east and west between Main and Morgan streets in said city. Said petition alleges that the above described alley has been heretofore used for use by the public or the adjacent proprietors, and is not of public use or utility, and prays for its vacation. Said petition is set for hearing, before the Judge of the Rush Circuit Court, at the Court House in Rushville, Indiana, on Monday, the 11th day of June, 1917, at which time and place the matters in issue therein will be heard and determined.

WITNESSED my hand and the Seal of said Court, this 6th day of June, 1917.
J. B. KINSINGER, J. C. of the Rush Circuit Court.
Ralph Payne and John S. Beale, Petitioners.
A marriage license was issued yesterday to Charles D. Roberts and Edna E. Kerlin.

ROUGH ON RATS Unbeatable Exterminator of Rats, Mice and Bugs

Used the World Over - Used by U.S. Government The Old Reliable That Never Fails - 15c, 25c At Druggists THE RECOGNIZED STANDARD-AVOID SUBSTITUTES

Oldsmobile 19th Year

As an automobile purchaser you are interested in just six things: Appearance, Reputation, Durability, Performance, Service, Price.

APPEARANCE The Oldsmobile Eight is as neat and trim as a deer. It is distinctive in every line; it attracts attention everywhere. Its 17-coat luster finish, beautiful trim and luxurious upholstery make it a car you will be proud to own.

REPUTATION The name "Oldsmobile" in itself is a guarantee. The car is built by a factory organization of trained men, many of them nineteen years in Oldsmobile service, who have a knowledge only of the construction of a high-grade car. By reason of increased production and the elimination of well known extravagances, over one hundred high-grade automobiles are created daily under the same rigorous standards and inspection which have always been associated with the name "Oldsmobile." Where else, indeed, would one look for a car enjoying the most untarnished reputation accorded the Oldsmobile?

DURABILITY The same high standard of material and workmanship exacted through all these years of quality building enter into the Oldsmobile Eight. Oldsmobile

reputation is a veritable bond to you for best product and durability. Its prestige is built on years of creditable road operation.

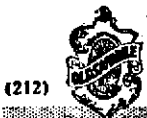

PERFORMANCE Remarkable flexibility, fascinating smoothness of overlapping power impulses, abundance of reserve power, rapid acceleration from snail's pace to limited speed, freedom from vibration—all characteristic eight-cylinder construction—are perfected to highest degree. The comfort of the car is a revelation; the resiliency of the springs and Marshall cushion comfort upholstery contribute riding qualities unknown in cars of the same price class.

SERVICE A twelve months' guarantee is back of each Oldsmobile. Service stations will be found everywhere. The accessibility of the eight-cylinder motor enables quick access to working parts and at a minimum expense. Likewise all mechanical units are readily get-at-able.

PRICE Not several thousands or some other prohibitive amount, as demanded for most cars of its quality class, but simply \$1367.00 f. o. b. Lansing.
